Town of Durham Request for Funding for Social Service Agencies for the FY 2022 Budget Year (January 1, 2022 – December 31, 2022)

For your organization's funding request to be considered, **complete applications must be received no later than Wednesday, August 11, 2021**. Applications should be sent to:

Gail Jablonski Business Manager 8 Newmarket Road Durham, NH 03824

or via e-mail to: gjablonski@ci.durham.nh.us

Gail Jablonski can be reached by phone at (603) 590-1378.

Name of Organization: <u>McGregor Memorial EMS</u>							
Organization's Fiscal Year (for example: Jan 1 – Dec 31 or Jul 1 – June 30): <u>Jan 1-Dec 31</u>							
Key Contact Person: Chris Lemelin							
Mailing Address: 47 College Road, Durham, NH 03824							
Telephone Number: 603-862-3674 E-mail address: CLemelin@mcgregorems.org							
Amount of funding requested from the Town of Durham \$43,217 or \$39,039*							
7.11.0 a.1.0 o. 1.11.11.15 o. 1.11.11.11.11.11.11.11.11.11.11.11.11.							
☐ Attach a prospectus of the organization outlining its mission, the specific programs provided, and who is served.							
Provided, and who is served. ☐ Attach a copy of your most recent audit and Form 990.							
☐ Describe how these funds will be used (attach statement if additional space is required).							

^{*} The amount requested by McGregor depends on whether a change to the appropriation formula (explained in the attached letter and below) is accepted by all of the communities McGregor serves.

Does the organization receive funding from other municipalities?	XX	_YES	NO
If yes, list the other Towns or Cities providing funding and the amo	ount of	funding	provided:

	FY 2019	FY 2020	FY 2021

Program #2 Description:			
Residents of Durham			
Residents of			
Total Clients Served			

For your application to be considered complete, please respond fully to the following questions:

☐ Please describe how you arrive at the amount of funding you are requesting from the Town of Durham. (Attach statement if additional space is required):

Historically, McGregor has arrived at its funding request by following three steps:

- 1. McGregor takes the sum of three relatively fixed costs: dispatch services, station lease, overnight paramedic coverage
- 2. McGregor reduces the total of these three costs by a percentage set by the organization's Board of Directors, thus absorbing some of these expenses
- 3. The remaining cost is allocated to each of McGregor's core communities proportionally based on the call volume to each community from the last full calendar year (e.g., the 2022 request would historically be based on 2020 call volume.)

This year, McGregor is proposing a change to step #3. We propose that appropriations be allocated using a 3-year rolling average instead of a single year in the future (beginning in 2022.)

As outlined in our letter, the benefit to this is that it would limit the natural volatility that can occur when a community has an unusual shift in call volume during a single year. This change would not increase the amount of appropriation money received by McGregor. Because this change would impact all of the communities McGregor serves, we propose only moving forward if all communities agree to the change.

The attached letter provides more details on this topic.

☐ What would be the impact to Durham residents if the services provided by your organization were not available? (Attach statement if additional space is required):

Community contributions pay for a portion of certain fixed costs of the organization. By covering these fixed costs, McGregor can maintain state-of-the-art patient care equipment, a reserve ambulance, 24x7 paramedic coverage, and a high level of training for our personnel. In addition, McGregor has a generous debt forgiveness program with the aim of helping our patients defray the unexpected cost of ambulance bills that are not covered by their insurance. This program aims to ensure that no patient is afraid to seek emergency medical services because of a potential ambulance bill.

Appropriation Request Options

Below are two possibilities for how the appropriation request could be distributed among the Durham, Lee, Madbury, and University of New Hampshire communities. While both are equal in terms of the amount of money received by McGregor the first (proposed) option utilizies a 3-year average to calculate the appropriation amount while the second utilizes the traditional approach.

		Responses		3-Year Avg	2022	20	21-2022		2021

RE: Appropriation Request – Town of Durham

July 1, 2021

To Whom It May Concern:

McGregor continues to adapt to the changes necessitated by COVID-19. While we have much to be grateful for from this past year (the outpouring of support from those we serve and the tremendous record-breaking service given by our volunteers), we also are still managing the significant financial consequences of the pandemic. Most of our revenue streams (patient billing, support from our educational programs, and so forth) were negatively impacted by the pandemic. At the same time, we saw expenses increase as we purchased the necessary supplies and equipment to adapt to the rapidly changing situation. Despite the substantial financial loss incurred in 2020, the only cost increase we are passing along to the communities are those created by increasing costs related to our UNH Dispatch and UNH rent fees which are two of the three fixed costs used to calculate our appropriation request. This means that the increase to Durham, Lee, Madbury, and UNH combined will be only \$1,641.

We wish to propose a change in how the appropriation amounts are distributed between the communities we serve. For many years, the appropriation amount paid by each community was proportional to that communities' call volume in the last full calendar year. For example, Durham's 2021 appropriation amount was determined based on its 2019 call volume as a share of the sum of calls to Durham, Lee, Madbury, and the University of New Hampshire. Our proposal is simply that instead of using a single year's call volume, we instead utilize a three year rolling average. The obvious benefit to this is that it would limit the natural volatility that can occur when a town has an unusual shift in call volume during a single year. We believe this would make budgeting easier for all the communities we serve. Moreover, it should be noted that this change would not increase the amount of appropriation money received by McGregor.

While we have long contemplated this change, the pandemic caused particularly dramatic shifts in call volume among all communities. As you can see below, while most communities saw a decrease in responses during the pandemic, the most dramatic decrease was in responses to the University of New Hampshire campus. As a result, Durham's share of the overall call volume (which is used to calculate its share of appropriations) would increase from 42% based on 2019 responses to 47% based on 2020 responses.

	Respo	nses by	2019 to 2020	
	<u> 2018</u>	<u>2019</u>	<u> 2020</u>	Change
Durham	796	806	749	-7%
UNH	522	4 57	195	-57%
Lee	555	562	517	-8%
Madbury	126	6 106	127	20%
Total ¹	1,999	1,931	1,588	-18%

¹ For the sake of simplicity, mutual aid responses are not shown or included in this total

Over fifty years of service to the communities of Durham, Lee, Madbury, and UNH in memory of Dr. George G. McGregor

McGregor Memorial EMS

When integrated into the rest of the appropriation calculation this would result in a 15% increase in appropriations for Durham in 2022, followed by a decrease as call volume returns to more normal levels. By contrast, transitioning to the three year rolling average that we propose would result in a 4% cost increase to Durham. This is illustrated by the chart included with the last page of this letter.

Because McGregor exists to serve all four communities, we would only move forward with this change if all communities agree.

While unchanged from prior years, it may now be worth reviewing the other pieces of McGregor's appropriation calculation. As always, McGregor's appropriation request is calculated using three fixed costs - dispatch, station lease cost, and the cost of our overnight paramedics - to arrive at a total / gross figure. From there, McGregor has voluntarily "discounted" or reduced the amount requested of the communities, thus absorbing some of these costs. It is this total amount (fixed costs minus the discount) that is split between each community based on their share of the last full year's call volume.

This year, the fixed costs charged by UNH for Dispatch Services and our Station Lease both increased. Rather than pass the full cost of these increases along to our communities, the McGregor Board of Directors made the decision to maintain the percentage of these costs absorbed by McGregor at the same level. This decision was made in spite of the significant financial loss caused by the pandemic.

	2021	2022	Change	% Change
Dispatch	\$23,000	\$23,750	\$750	3%
Station Lease	\$37,084	\$38,938	\$1,854	5%
Overnight Medics	\$82,752	\$82,752	\$0	0%
Subtotal	\$142,836	\$145,440	\$2,604	2%
Discount (37%) ²	-\$52,850	-\$53,813	-\$963	
Total Appropriation Request	\$89,986	\$91,627	\$1,641	2%

All of these calculations and figures along with a calculation showing the impact of a 3-year rolling average versus the traditional approach are shown on the next page.

Overall our goal in proposing this change is to lessen the impact of changing appropriation requests on all of the communities we serve into the future while also decreasing the impact caused by the COVID pandemic on each community.

The past many months have been some of the most challenging in the organization's 52-year history. Durham's appropriation contribution - when combined with those from the other communities - helps to ensure our continued sustainability as we all emerge from this challenging time. As always please feel free to contact me with any questions, concerns, or feedback.

С	Respectfully	cuhmittad
г	(especulully	Submitted

Chris Lemelin

² This is the portion of the fixed costs absorbed by McGregor. The organization will continue to absorb the same percentage of the rates (37%) in 2022 as in 2021.

Over fifty years of service to the communities of Durham, Lee, Madbury, and UNH in memory of Dr. George G. McGregor

 Attach a prospectus of the organization outlining its mission, the specific programs provided, and who is served.

Mission:

The Oyster River Youth Association provides inclusive, fair, diverse, and developmentally appropriate recreational programs to the youth of Durham, Lee, and Madbury, NH. ORYA meets the changing needs of the children and families in our community for sports and recreational activities by acquiring and maintaining facilities, promoting volunteerism, and seeking collaborative and strategic partnerships.

Prospectus:

ORYA programs engaged 2263 participants in the 2021 fiscal year (August 1, 2020-July 31, 2021). Durham residents accounted for 1001 accumulated participants which represents 44 percent of our total participation. Those participants represent 491 unique individuals (individual players).

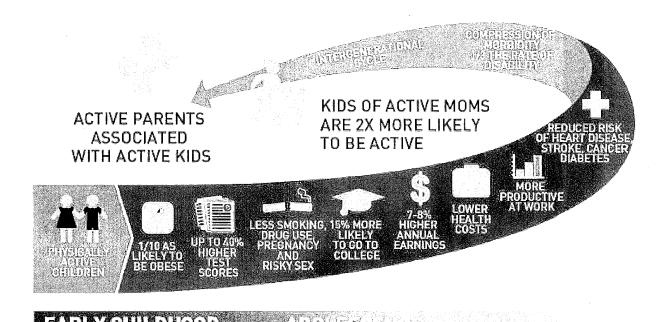

From coaches to board members, ORYA celebrates over 200 dedicated community volunteers annually. In addition to prerequisite coach requirements such as a background check, a Safe Sport certification, and a commitment to the ORYA code of conduct, most coaches are also required to attend coach meetings, trainings, or program information nights. With the support of volunteers and our only paid staff member, ORYA was able to offer 42 unique programs in FY20 that included soccer, baseball, basketball, basketball skills programs, lacrosse, football, field hockey, ice hockey, skating, tennis, track, volleyball, ultimate frisbee, surfing and golf spanning all seasons.

In contrast to younger, year-round specialization and exclusive club-level sports, ORYA maintains a local, recreational focus open to all players regardless of ability. We believe multisport participation leads to a more active adult life, limits overuse injuries in children and teens, and helps develop physical literacy and longer athletic participation. Our approach allows players to sample sports with fellow community members in low stress environments close to home. Regardless of season, ORYA has a variety of sports opportunities to engage as many participants as possible.

<u>The Aspen Institute</u> showcases some additional benefits of youth sports:

ACTIVE KIDS DO BETTER IN LIFE

WHAT THE RESEARCH SHOWS ON THE COMPOUNDING BENEFITS

Describe how these funds will be used

Any funding received from the Town of Durham will be directly subsidize participation of Durham residents in our recreational class programs. This will mirror how funding to the Parks & Rec. department is utilized. This request therefore will only use Durham funds for in-town recreation sports and not travel sports. Travel sport fees are based on registrant numbers and fundraising. The amount requested represents full subsidization of Durham resident administrative costs for recreational programs.

As player fees increase to account for reduced community funding, many program fees are in danger of reaching levels that far exceed those of comparable programs from neighboring communities. ORYA families will migrate to programs in neighboring communities that offer programming funded or subsidized by their Town. In addition, ORYA staff are forced to spend increasing amounts of time and resources on finding alternative sources of funding in an attempt to offset administrative expenses. Subsequently, the burden of largescale fundraising takes focus away from the primary mission of our organization, which is to provide inclusive, fair, diverse, and developmentally appropriate recreational programs to the youth of Durham, Lee, and Madbury.

 What would be the impact to Durham residents if the services provided by your organization were not available? (Attach statement if additional space is required):

Durham is a sought-after community on the seacoast for families because of the school district, University and community programs offered – a large one of which is ORYA. If ORYA did not

provide programming a major connection to the community will be lost. Families and children build a sense of community pride from local sports and that pride spills over into other areas such as volunteerism, and local business support.

If ORY ceased to exist, the immediate impact would mean the loss of up to 30+ annual, inclusive and affordable, volunteer-based youth sports programs for local families. Roughly 2,000 participants per year (nearly half from Durham) would be forced to find non-local options or discontinue participation in youth sports. Many working families wouldn't be able to make non-local after school practices considering the additional travel time and, often, significantly higher costs.

Locally run programming options that promote intermingling of elementary school students would be drastically reduced resulting in a more segregated community until students reach the 5th grade. The opportunity to develop early friendships through ORYA participation would disappear. Families will scatter to other communities that offer programs they're interested in. There, they will be viewed as non-residents which often comes with higher fees and less input.

Town of Durham Request for Funding for Social Service Agencies for the FY 2022 Budget Year (January 1, 2022 – December 31, 2022)

For your organization's funding request to be considered, **complete applications must be received no later than Wednesday, August 11, 2021**. Applications should be sent to:

Gail Jablonski Business Manager 8 Newmarket Road Durham, NH 03824

or via e-mail to: gjablonski@ci.durham.nh.us

Gail Jablonski can be reached by phone at (603) 590-1378.

Name of Organization: Community Action Partnership of Strafford County
Organization's Fiscal Year (for example: Jan 1 – Dec 31 or Jul 1 – June 30): Jan 1- Dec 31
Key Contact Person: Betsey Andrews Parker, CEO
Mailing Address: 577 Central Ave. Suite 10, Dover, NH 03820
Telephone Number: <u>603-817-4945</u> E-mail address: bandrewsparker@gmail.com
Amount of funding requested from the Town of Durham \$2000
 Attach a prospectus of the organization outlining its mission, the specific programs provided, and who is served. Attach a copy of your most recent audit and Form 990. Describe how these funds will be used (attach statement if additional space is required).
At CAPSC, we strongly believe no one should go without having their basic needs met. As the leading anti-poverty agency in Strafford County, we strive to empower individuals and families to achieve self-sufficiency by opening the doors to resources and opportunities that offer a hand up, not a hand out. When we achieve this goal, we reduce the impact of poverty and build a stronger community.

Last year, CAPSC helped over 17,000 Strafford County households become self-sufficient through housing, child and parent education, utility assistance, nutrition, transportation, and job

training and employment services at a value of over \$14 million in services.

Does the organization receive funding from other municipalities?	<u>X</u>	_ YES	NO
If yes, list the other Towns or Cities providing funding and the amo	unt of	funding	provided

	FY 2019	FY 2020	FY 2021
Name of Town or City	Received	Received	Received/Anticipated

Somersworth	\$4,000	29,000	29,000
Strafford	2,000	2000	2000- anticipated

	Does the organization provide services to Durham residents?	Χ	YES	NO
_				

If yes, please provide information in the table below on the number of Durham residents relative to the total number of clients served. This information should be made available for each category of services or programs provided to Durham residents. If the size of the table below is not adequate, please provide an attachment with this information.

If you are unable to provide this information, please (a) attach a statement detailing why this information is not available; and (b) provide a statement on how your organization directly benefits the citizens of the Town of Durham.

See attached table with breakdown of clients served by town compared to the total county. In addition to the prior year data, CAPSC supported Durham residents with GOFERR and NHERAP funding for a total of \$141,483.02 for rent and utility assistance as of this request (program is still ongoing). This was a total of 20 unique households - 38 individual participants. Average of \$7,074.15 per HH/ \$3,723.24 per person.

Total obligated amount in FAP system for enrolled FAP applications this past season was \$9,349.00 Total paid out was \$8,926.65. This number is down from the previous year because of the national housing stability programs covered many utility costs.

For your application to be considered complete, please respond fully to the following questions:

☐ Please describe how you arrive at the amount of funding you are requesting from the Town of Durham. (Attach statement if additional space is required):

CAPSC structures its funding request based on the size of the community served, previous giving history, and the value of the services provided to that community. CAPSC recognizes that the municipalities we serve face difficult budget decisions, and we strive to request a reasonable appropriation. The Town of Durham's investment helps us leverage grants and other funding streams to provide services for residents of your community living at 200% or below of the federal poverty level. Without the services provided by CAPSC, Durham residents are more likely to access town welfare to ensure their needs are met.

☐ What would be the impact to Durham residents if the services provided by your organization were not available? (Attach statement if additional space is required):

While the amount seems insignificant in the larger budget, it is important to our federal, state and local funders that CAPSC has support from our communities. This is significant because it helps CAPSC make the case statement that our services are needed and valued. We are able to leverage this for additional funding. In addition, the town funding is used to support the client services team which is the forward-facing staff that conduct the application intake for the programs. If we lost the funding, CAPSC would have to find a way to make up for the funding and the staff it supports.

Community Action Partnership of Strafford County

A WELCOME FROM OUR CEO

Betsey Andrews Parker, MPH

Dear Friends:

This was a tough year.

What started as a year of celebration of our 55th year of service to the community and a goal to finalize our \$2 million Open Doors Campaign by year end, quickly changed to address the immediate and emergency needs of the community in the face of COVID-19. We were often left to wonder how we would make it through the day and ensure our clients continued to be cared for. What emerged, continues to humble me.

I am in awe of the generosity and caring shown to us by the community. Your support kept us going but more importantly, it kept people impacted by COVID, fed, sheltered, warm and safe. Never have the words "Community, Action, and Partnership" been so evident.

Thanks to a rich and vibrant network of partner organizations; our local, state and federal officials; strong vendor relationships; generous corporate partners, donors and volunteers; and the unwavering dedication of our staff, CAPSC was able to pivot our programming priorities and shift our fundraising and communication strategies, to ensure continuity of care for those impacted by COVID.

We kept children, families and seniors fed; kept peo-

ple warm and safe in their homes; provided access to basic necessities such as washing stations, masks, cleaning products, and laundry and phone cards. We educated our children remotely; offered a new summer Head Start program so children would be ready for school in September; supported working families with access to affordable childcare and virtual Home Visiting support; provided over \$1.5 million in housing assistance; and most recently, opened an emergency cold weather homeless shelter and new day program serving the tri-city area.

Never have I been prouder to work for such an incredible organization, with a dedicated and talented team, in a generous and supportive community, during the most unbelievable year in the history of our organization.

Take a bow, Strafford County - YOU made this all possible and I cannot thank you enough!

CREATING RELIABLE & AFFORDABLE HOUSING

IN STRAFFORD COUNTY

One of the biggest issues facing communities across the country and right here in New Hampshire, is access to stable, affordable housing. Community Action Partnership of Strafford County's (CAPSC) mission has always been to support people in meeting their basic needs and assist them in achieving self-sufficiency, which includes stable, long-term housing. The need for affordable housing has become more apparent as COVID-19 has driven many people living on the edge of poverty into dire situations, facing utility shutoffs, evictions, and homelessness.

In 1995 Frank and Christina Gapp, the long-time owners of 22-24 Academy Street in Rochester transferred ownership of the property to CAPSC, with the stipulation that it be used as either temporary or permanent housing for persons in need in the community.

In 1996 the then-duplex was converted to five individual apartments. This layout served as the residence for five tenants, who needed significant assistance and supportive housing to live independently. With the building vacant, it was a perfect time to invest in renovations that would benefit both the future tenants and address issues of the aging infrastructure.

An audit was conducted to determine the cost and scope of the needed renovations. It was during this audit that structural issues were identified that needed to be addressed to ensure the long-term viability of the building. The cost of the proposed renovations nearly tripled as a result.

In mid-2018, the New Hampshire Housing Finance Authority (NHHFA) announced a round of new funding opportunities specifically targeting multi-unit residential projects in need of renovation. This funding was laid out to support projects such as ours that serve our clients.

CAPSC submitted a proposal in the Spring of 2019 to NHHFA and was able to secure \$785,890 in funding for the project. The result has allowed us to redesign the layout of the units to create four two-bedroom apartments including a fully handicap-accessible unit. This building will house four income qualified families in need of stable housing. The project is on pace to be completed by January 2021.

Affordable housing in our community is a critical need, as we see a dramatic increase in individuals and families who are on the brink of being evicted or becoming homeless. Projects that reinvest in our communities and create safe and sustainable housing, allow us the opportunity to improve the communities we serve, and create pathways out of poverty for the people who are the most vulnerable.

A THANK YOU TO OUR COMMUNITY

On Friday, March 13, 2020, the world as we knew it changed. As the threat of COVID-19 grew stronger and schools began to close their doors, CAPSC was faced with an instantaneous "wave of need," and the challenge of ensuring that our community's most vulnerable populations remained stable.

Our leadership team met to develop a plan for managing this crisis. With deep roots in the community, we were fortunate to have a network of partners and supporters to help us continue to deliver on our mission through these challenging times.

The community responded in a wide variety of ways – with funding, food, services and goods – all of which were critical to our ability to serve our neighbors in need.

THANK YOU to Liberty Mutual Insurance who redeployed their café team and prepared 100 boxed lunches, three times a week for six weeks to help us feed children, their parents, seniors and visitors to our food pantry.

THANK YOU to Seacoast Mask Makers who delivered 400 handmade cloth masks for our staff. There were enough masks for our entire group to have two!

THANK YOU to First Seacoast Bank for its \$25,000 donation to support our mission through COVID.

THANK YOU to the New Hampshire Charitable Foundation, Neighborworks of Southern New Hampshire, United Way of Mass Bay, Bank of America, Rutman Family Fund of the New Hampshire Charitable Foundation, Eastern Bank Foundation, Dobles Foundation, Bishop's Charitable Assistance Fund, and Town Fair Tire Foundation for grant funding to support CAFSC through COVID.

THANK YOU to local companies and restaurants like Franz Foods, that donated nutrition including fresh eggs, meat and milk for distribution to families from our food pantry.

THANK YOU to DF Richard for donating a liquid propane tank to keep the water warm at the temporary washing stations for our homeless residents.

THANKYOU to the amazing teacher's associations and PTA groups from the Dover School District who donated on behalf of their teachers AND their students, to show their love and support and to help keep "their kids" fed.

THANK YOU to Keller Williams and Melissa Lesniak for their food drive in honor of 'Wear Red Day' which inspires its employees to Give Where You Live!

THANK YOU to the Triangle Club for donating winter boots for our Homeless Outreach program. THANK YOU to community groups such as the Dover Rotary Club, Everest Centennial Lions Club, American Legion Aux Unit 8, Club Finz, Parish of the Assumption, First Parish Church, First Church Congregational of Rochester and Dover Democrats for their ongoing support.

THANK YOU to the small community fundraisers like Sarah Canny's 50K Project and Lucas Nering's beautiful piano concert broadcast live on Facebook. Every little bit adds up and your community spirit shines!

THANK YOU to the cities of Dover, Somersworth and Rochester for supporting and helping us launch the emergency winter shelter to keep people safe from both the elements and COVID.

THANK YOU to the corporate supporters! Kennebunk Savings, Center for Assessment, Long Term Care Partners, Egg Clearinghouse, Newburyport Bank, HBL/MMG Insurance, HRCU, Taste of India, Connexus Credit Union, Efi and Tasker Funeral Home.

THANK YOU to the individual donors - some of whom have never given to CAP-SC before, and others were longtime supporters. You are the heartbeat of CAPSC and what makes it possible for us to do what we do.

Together, the Strafford County (and beyond) community raised over \$145,000, provided food and goods and volunteered their time, to support our neighbors in need.

Being a part of this community for the past 55 years has been a true privilege. The love shown to us from our community during the most challenging of times, is something we don't take for granted.

We simply cannot say 'THANK YOU' enough!

CAPSC BY THE NUMBERS

CAPSC is the sole provider in Strafford County that offers a full suite of programs and services designed to have a measurable impact on the health and welfare of at-risk children, seniors, and those experiencing low-incomes. CAPSC offers over 64 coordinated programs that serve the whole person or family and include nutrition, housing, fuel and electrical assistance, weatherization, parent and child education, childcare, transportation, and employment and job training, all of which are locally defined, planned, and managed in partner-ship with community agencies.

WELCOMING DOVER CHILDREN'S CENTER

For 55 years, CAPSC has been providing Strafford County families with childcare, early childhood education and parenting services through our Head Start, Early Head Start and childcare programs.

CAPSC administers Farmington Childcare Center (FCC) for children ages six weeks through Kindergarten. FCC provides a critical service for working families so they may continue to support their families while their children are cared for in a nurturing environment.

Given CAPSC's success and longevity in providing these services and a commitment to serve children and families with limited means, the CAPSC Board of Directors and the Board from Dover Children's Center (DCC), voted to approve a merger of the two organizations effective October 1, 2020, thereby expanding CAPSC's childcare services to Strafford County families.

CAPSC is honored to welcome all DCC families to CAPSC and appreciates the work of the DCC Board of Directors, staff and teachers as we enter the next phase in supporting Dover children and their families. It is our intent to honor the DCC legacy and continue to provide Dover families with high-quality, affordable childcare from caring and supportive teachers and staff in a safe environment. Welcome to CAPSC!

For your application to be considered complete, please respond fully to the following questions:

□ Please describe how you arrive at the amount of funding you are requesting from the Town of Durham. (Attach statement if additional space is required):

This request for \$3000 will be used to help cover the cost of the non-reimbursable and/or "free" health care services provided to socially isolated Durham residents. In FY21 this eleven month cost of free care totaled \$5821.14.

☐ What would be the impact to Durham residents if the services provided by your organization were not available? (Attach statement if additional space is required):

Homemakers & Health Services has provided 920 hours of in-home supports to Durham residents in the first 11 months of FY21. Continued workforce shortages in addition to COVID consequences has been reflected in the decrease of residents served over the previous year. The State of NH recently passed legislature to raise the Medicaid reimbursement rates for In Home Support Services as well as Adult Day Services, Easterseals passed along this rate increase to raise wages for our direct care workforce. The demand for services continues to be strong but the ability to provide these needed services continues to be a challenge due to mentioned obstacles.

74% of our total population served is low income, older adults unable to pay for the services we provide. Our mission has always been to go above and beyond for the individuals we serve, we will continue to the best of our ability but without funding the capacity to meet requested needs may be impacted as evidenced by less or no hours provided to individuals.

PROSPECTUS OF EASTER SEALS NH

The mission of Easterseals New Hampshire is to provide exceptional services to ensure that individuals with disabilities or special needs and their families have equal opportunities to live, learn, work, and play in their communities. Since its inception in 1936, Easterseals NH has developed a strong community presence, filling gaps in services and expanding to address vital community needs. While originally focused on children, the organization has grown rapidly in response to the changing needs of our communities. Easterseals NH currently provides a variety of core programs that include our Child Development Centers and Family Resource Center, Early Supports and Services, Autism Services, Residential & Educational Services, Transportation Services, Camping and Recreation, Community Based Services, Workforce Development, Substance Use Treatment Services, Military & Veterans Services, and Senior Services. Through our diverse array of programs that address critical needs across the lifespan, last year alone, we assisted 25,702 children, adults, and older adults throughout New Hampshire. In keeping with our vision to make services available to all, \$6.5M in free or subsidized services was provided to those families that could not afford them.

Easterseals NH offers services for people throughout the state, providing a continuum of care from birth to the end of life. We primarily serve people with disabilities or special needs who are typically low to moderate income due to challenges surrounding employment and the additional expenses they carry as a result of medical bills or special equipment etc. We are there for children, adults with disabilities, people challenged by addictions, veterans facing unexpected crises, and for older adults who desire to age in place and need supportive services to do so. Easterseals NH prides itself in examining gaps in services and developing programs to fill emerging needs.

Our services for seniors include <u>Homemakers & Health Services</u> providing in home support for those whom are isolated and/or homebound whether assisting with personal care or preparing a meal, this valuable service is a lifeline for many. Our <u>Medical Adult Day Program</u> located in Rochester has been providing exceptional services for over 40 years. Older adults benefit from peer support, nursing oversight, nutritious meals and engaging cognitive stimulation all with the added advantage of sleeping in their own bed at night. <u>Caregiver support and education</u> is at the forefront of all our services, providing Caregiver Coaches to walk the difficult and rewarding caregiving journey with individuals. Our <u>Memory Care Programs</u> are engaging, supportive and impacting. <u>Care Coordination</u> offers social work services to address barriers to the social determinants of health of the individuals we serve. A variety of our <u>Grant Programs</u> are specifically designed to meet the critical and emergency needs for older adults to purchase such items as a bed, groceries, medicine, durable medical equipment etc. Easterseals is passionate about addressing the unmet needs of the whole person as they experience the aging process.

Town of Durham Request for Funding for Social Service Agencies for the FY 2022 Budget Year (January 1, 2022 – December 31, 2022)

^{*}Our FY is based on a calendar year. FY2021 numbers are only projections. We will be able to provide actual numbers for FY2021 next year.

For your application to be considered complete, please respond fully to the following questions:

☐ Please describe how you arrive at the amount of funding you are requesting from the Town of Durham. (Attach statement if additional space is required):

Request to Town of Durham:

- Town support requested: \$2,464 (11 uninsured patients X 224*, average cost per medical visit)
- Amount requested per Durham resident served: \$46
 (\$2,464 divided by 53 or more Durham residents expected to be served in FY22)
- Annual cost of serving Durham residents:
 \$74,094 (53 residents x \$1,398*, the average cost of serving one client annually)

What would be the impact on Durham residents if the services provided by your
organization were not available? (Attach statement if additional space is required):

In the calendar year 2020, 53 Durham residents utilized Greater Seacoast Community Health (hereafter Greater Seacoast) services. The majority of them relied on Greater Seacoast for

^{*}These costs are averages based on our annual Uniform Data Survey performance report for the calendar year 2020 that the Bureau of Primary Care requires.

medical and/or dental care; 21% (11 individuals) were uninsured and had their care heavily subsidized by Greater Seacoast, and Medicaid covered 32%. Six residents participated in parenting and family programs we offer in Portsmouth and other towns. (Some residents used both our Health Center and Family Center)

Without access to quality affordable care, regardless of ability to pay, low-income Durham residents would either forego care or pay higher costs for care, leaving them with less income for other basic needs such as food, clothing, and shelter. The cost of not receiving regular preventive care becomes expensive when the patient ends up with an undiagnosed illness and requires more advanced care. And patients not receiving regular care will utilize the emergency departments for acute care.

Greater Seacoast is a safety net for Durham residents, providing integrated health and support services under one roof. Over the past few years, we have expanded programs to address emerging community needs such as behavioral health, substance use disorder treatment and recovery, and parenting support programs. As a Patient-Centered Medical Home, we treat the whole person, not just their immediate health needs. Our social workers, home visitors, and enrollment specialists help connect patients to services that address the social determinants of health, remove barriers, make it easier for clients to use our services, and access other community supports.

COVID-19 Response:

Early on in the pandemic, we quickly transitioned to offering many medical, behavioral health, and recovery services virtually. Emergency dental care was available for any person, not just patients of Greater Seacoast. Mobile health vans were repurposed to assist with testing. Family programs and home visits were available through virtual groups and phone support. In July 2020, we began opening the practice back up to patients with non-emergency oral health needs and seeing more primary care patients in the office setting. And our mobile team began offering weekly clinics again in Rochester, Exeter, and Portsmouth. We offered drive-up clinics led by nurses for high-risk diabetes patients and provided patients with home-monitoring equipment. Last fall, we developed an onsite learning center for staff with school-aged children doing remote learning, and we ramped up operations to offer rapid testing for COVID-19 and influenza.

Early in 2021, we transitioned back to more virtual service offerings, and some programs temporarily suspended operations again due to another spike in COVID-19 infections and hospitalizations. The availability of vaccinations has prompted us to offer more in-person visits at the health centers and community clinics through our mobile health program. And a federal program will enable us to provide COVID-19 vaccinations to Greater Seacoast patients in our health centers through the mobile health program and in partnership with the public health networks.

The COVID-19 pandemic has had devastating consequences. Many workers with employer-sponsored health insurance have found themselves without health insurance coverage after being laid off from their jobs, increasing the need for affordable, quality healthcare services that Greater Seacoast provides. The pandemic has had a negative impact on our patient numbers. Overall, offering telehealth and in-person visits is a model that patients seem to like,

which has helped us maintain some operational volume throughout. However, we served fewer patients in 2020 than in 2019 but hope to see growth in 2021. The focus is on encouraging existing patients who put off preventive or other healthcare needs last year to re-engage and enroll new patients.

More change is inevitable as we move through this incredibly volatile and uncertain time. Greater Seacoast is positioned and ready to meet the challenges ahead and remain a safety net for our patients to access critical health and supportive services.

Goodwin
Community Health

Families First Lilac City Pediatrics

Organization Overview:

Greater Seacoast Community Health (hereafter Greater Seacoast) is a network of community health centers that includes Families First Health & Support Center in Portsmouth, Goodwin Community Health in Somersworth, and Lilac City Pediatrics in Rochester. Our mission is to deliver innovative, compassionate, integrated health services and support that are accessible to all in our community, regardless of ability to pay.

Since 1969 and 1984, respectively, Goodwin Community Health and Families First have been providing health care to residents of Strafford and Rockingham counties who have low incomes and/or are underinsured or uninsured. We provide primary care, pediatric care, dental care, prenatal care, behavioral health counseling, substance use disorder treatment, mobile health services, WIC, social work services, and a pharmacy. Greater Seacoast's Family Resource Center provides parenting classes, playgroups, family programs, and home visiting services. The Strafford County Public Health Network and SOS Recovery Community Organization also are affiliated with Greater Seacoast.

In the calendar year 2020, 14% of Greater Seacoast's medical and dental patients were uninsured, Medicaid covered 44%, and 3% were homeless. Eighty-two percent of patients with known income were living at or below 200% of federal poverty. The majority of them, 62%, were living at or below 100% (\$26,500 for a family of four).

We serve more than 16,000 people who live in eastern Rockingham County and Strafford County, New Hampshire, and York County, Maine. Health and dental services are provided regardless of ability to pay, with a sliding fee scale offered to uninsured patients, and most parent/family programs are offered at no cost. Services are open to everyone and aim to be respectful, recovery-friendly, LGBTQ-affirming, and trauma-informed.

August 27, 2021

Town of Durham Attn: Gail Jablonski , Business Manager 8 Newmarket Road Durham, NH 3824

Dear Gail,

As we look ahead to the new year, we take a moment to reflect on our profound gratitude to the municipal partners who help us deliver our lifesaving mission in our community. With your support, we are able to ensure the health, safety, and preparedness of our friends and neighbors throughout Northern New England.

Last year, our volunteer workforce provided an array of services throughout the region:

- We assisted a local family in the face of disaster, on average, **once every 18 hours**, helping more than **2,000 individuals**.
- We made over 500 homes safer by installing smoke detectors and educating families about fire safety and prevention through our Home Fire Campaign.
- Trained **26,957 people** in first aid, CPR, and water safety skills.
- We collected over **153,000 units of blood.** Hospitals throughout Northern New England depend on the American Red Cross for these collections.
- In our region, **850** service members, veterans, and their families received supportive services through our Service to the Armed Forces department.

Your American Red Cross remains committed to providing relief and support. We do this with the help of our incredible volunteers and donors, including you, our friends in Durham. *This year, we respectfully request a municipal appropriation of \$250.00*. These funds will directly benefit individuals and families right here in our region, who benefit from our unique services at no cost.

For more information about the work we've been doing in your area, please refer to the attached Impact Sheet for Strafford County. If you have any questions, please call us at 1-800-464-6692 or supportnne@redcross.org.

Warmly,

Rachel Zellem

Development Specialist

Strafford County Service Delivery

July 1, 2020 - June 30, 2021

Disaster Response

In the past year, the American Red Cross has responded to **16 disaster cases** in **Strafford County**, providing assistance to 89 individuals. Most commonly, these incidents were home fires. Red Cross workers were on the scene to provide food, clothing, lodging, emotional support, and more to families during their hours of greatest need. Our teams also provide Mass Care to first responders. Things like food, water, and warm drinks strengthen the brave men and women of your local Fire and Police Departments as they answer the call to keep your residents safe.

Town/City	Disaster Events	Individuals
Dover	3	25
Rochester	10	43
Somersworth	3	21

Home Fire Campaign

Last year, Red Cross staff and volunteers worked throughout **Strafford County** to educate residents on fire, safety and preparedness. We made **24 homes safer** by helping families develop emergency evacuation plans.

Service to the Armed Forces

We proudly assisted **27** of **Strafford County's Service Members**, **veterans**, **and their families** by providing emergency communications and other services, including counseling and financial assistance.

Blood Drives

During the last fiscal year, we collected 5766 pints of lifesaving blood at 202 drives in Strafford County.

Training Services

Last year, **1056 Strafford County residents** were taught a variety of important lifesaving skills such as First Aid, CPR, Babysitting Skills and Water Safety.

Volunteer Services

Strafford County is home to **122 American Red Cross Volunteers**. We have volunteers from all walks of life, who are trained and empowered to respond to disasters in the middle of the night, to teach safety courses, to help at our many blood drives, and so much more. The American Red Cross is proud that 90% of its staff is made up of volunteers; they are truly the heart and soul of our organization.

Town of Durham Request for Funding for Social Service Agencies for the FY 2022 Budget Year (January 1, 2022 – December 31, 2022)

For your organization's funding request to be considered, **complete applications must be** <u>received no</u> <u>later than Wednesday, August 11, 2021</u>. Applications should be sent to:

Gail Jablonski Business Manager 8 Newmarket Road Durham, NH 03824

or via e-mail to: gjablonski@ci.durham.nh.us

Gail Jablonski can be reached by phone at (603) 590-1378.				
Name of Organization: Court Appointed Special Advocates (CASA) of NH				
Organization's Fiscal Year (for example: Jan 1 – Dec 31 or Jul 1 – June 30): <u>July 01- June 30</u>				
Key Contact Person: <u>Tarah Bergeron, Development Assistant</u>				
Mailing Address: PO Box 1327 Manchester, NH 03105				
Telephone Number: 603-626-4600 E-mail address: tbergeron@casanh.org				
Amount of funding requested from the Town of Durham \$	0.00			
☐ Attach a prospectus of the organization outlining its mission, the specific programs provided, an who is served.	ıd			
Court Appointed Special Advocates (CASA) of New Hampshire is a non-profit organization that provide a voice for abused and neglected children and youth by empowering a statewide network of trained volunteers to advocate on their behalf so they can thrive in safe, permanent homes. CASA of NH recruits, trains and supports volunteer advocates to speak on behalf of victimized children who come the attention of NH's courts through no fault of their own. We are the only organization in the state that performs this function on behalf of New Hampshire youth.	ne to			
 Attach a copy of your most recent audit and Form 990. Describe how these funds will be used (attach statement if additional space is required). 				
Recently, there has been a spike in the number of abuse and neglect cases in the Dover courts. We expecting the number of reported cases of abuse and neglect to increase exponentially in the comin months as children come out of the isolation caused by the COVID-19 epidemic and in the view of responsible adults who can report new cases of victimization.				
Without enough trained volunteers, we will not be able to meet the impending need for our advoca-	acv			

services in Durham and throughout the state. Funds will be used to recruit, screen, train and supervise volunteer advocates to speak on behalf of the abused a neglected children in the Dover court. It costs

approximately \$2,000 to train and supervise a volunteer advocate for a year. The support of local communities is not only important to the organization, but also meaningful to our volunteers.

Our goal is to serve 100% of victimized children in need. Since our inception, CASA of NH's volunteers have advocated for more than 10,000 young victims of abuse and neglect. Last fiscal year (2021) 628 volunteers advocated for 1,417 in 905 cases statewide. In addition, these citizens contributed 88,859 hours of their time and drove over 339, 166 miles to safeguard the children they represented, volunteers in the Dover Family Court logged 14,938 miles and more than 3,000 hours

Many of the children and youth we serve suffer from multiple categories of victimization such as physical abuse, neglect, sexual abuse or assault, domestic and/or family violence, human trafficking, medical neglect, educational neglect and child pornography. Abuse and neglect can have a tremendous impact on a child's lifelong health and wellbeing. By supporting CASA, you are making it possible for our advocates to continue to work diligently on behalf of children and families to ensure the best possible outcomes for our children in your town and across the state.

□ Does the organization receive funding from other municipalities? X YES NO If yes, list the other Towns or Cities providing funding and the amount of funding provided:

	FY 2019	FY 2020	FY 2021

Does the organization provide services to Durham residents? X YES NO
If yes, please provide information in the table below on the number of Durham residents relative to
the total number of clients served. This information should be made available for each category of

services or programs provided to Durham residents. If the size of the table below is not adequate, please provide an attachment with this information.

If you are unable to provide this information, please (a) attach a statement detailing why this information is not available; and (b) provide a statement on how your organization directly benefits the citizens of the Town of Durham.

Program #1 Description:	FY 2019	FY 2020	FY 2021 Clients
	Clients Served	Clients Served	Served/Anticipated
Residents of Durham			
Residents of			
Total Clients Served			
Program #2 Description:			
Residents of Durham			
Residents of			
Total Clients Served			

In the past fiscal year 2021 (July 1, 2020 – June 30, 2021) CASA served 71 children at the Dover Family Court, the court that serves residents of Durham and children who use the Durham school system. In Fiscal Year 2021, CASA of NH served a total of 172 children in Strafford County with 53 volunteers.

Although the goal of a CASA advocate is to ensure that victimized children are placed in stable and permanent homes, there is still a constant flux of children in and out of the child protective system. These children are often relocated multiple times throughout the course of an abuse/neglect casemoving from one foster or relative home to another and transferring schools multiple times a year. When you support CASA of NH, your contribution does not only benefit children who are from the Town of Durham. Your support also helps us to advocate for children who use the Durham school system or live in foster homes in Durham.

For your application to be considered complete, please respond fully to the following questions:

Please describe how you arrive at the amount of funding you are requesting from the Town of
Durham. (Attach statement if additional space is required):

We request a minimal amount of funding from 237 towns and cities in New Hampshire annually. It costs \$2,000 to train and support a CASA volunteer advocate for a year, but we request \$500 from most towns to contribute to the cost of ongoing advocacy services. Funding from the Town of Durham has been vital to the support of our mission and ensuring our work to reach or goal of serving 100% of abused and neglected children in the state.

What would be the impact to Durham residents if the services provided by your organization were
not available? (Attach statement if additional space is required):

If CASA of NH's advocacy services were not available to Durham residents, abused and neglected children would not receive the intensive advocacy services that our organization provides. Instead, the State of New Hampshire would have to pay a board-certified GAL \$60/hour, plus travel costs. CASA estimates that we save the state over \$4.8M in legal fees each year.

National studies show that children with a CASA volunteer benefit in countless ways -- they are more likely to be placed in safe, permanent homes, likely to receive better services, and more likely to have fewer placement changes than children without a focused advocate. With the support of a CASA advocate, neglected and abused children have access to a brighter future.

Town of Durham Request for Funding for Social Service Agencies for the FY 2022 Budget Year (January 1, 2022 – December 31, 2022)

For your organization's funding request to be considered, **complete applications must be received no later than Wednesday, August 11, 2021**. Applications should be sent to:

For your application to be considered complete, please respond fully to the following questions:

\square Please describe how you arrive at the amount of funding you are requesting from the Tow	'n
of Durham. (Attach statement if additional space is required):	
HAVEN is requesting level funding at \$2900. Although we used to use a formula base	d
on the number of residents assisted each year to determine the amount requested,	
HAVEN has consistently asked for level funding for the past several years. One reason	n
for this, is that it is impossible to predict how many residents may need our services	_
each year and level funding ensures that HAVEN can be available 24 hours a day to	
any Durham resident in need of services.	

□ What would be the impact to Durham residents if the services provided by your organization were not available? (Attach statement if additional space is required):

Sexual assault, domestic violence, child sexual victimization and teen dating violence are costly public health issues. Victims are more likely to suffer from low self-esteem, substance abuse and suicidal behavior. Adult victims often experience a loss of work and difficulty maintaining a job due to safety concerns and depression in the aftermath of abuse. Since we know that youth are the most at risk for child sexual abuse and teen dating violence, the HAVEN Safe Kids Strong Teens school-based prevention program is critical to reaching out to current and potential victims. If HAVEN was not available to provide FREE services to the town of Durham, the town would incur expenses related to the ongoing health and services required to meet the needs of those impacted by sexual violence.

HAVEN continues to see an increased need in services as an impact from COVID-19; especially as children see other trusted adults in their lives and are able to disclose about abuse happening at home. As an organization, we have continued to be innovative and provide support and shelter to more people than ever before. The services HAVEN provides are vital to survivors experiencing ongoing violence and abuse; they also set survivors up for self-sufficiency after they begin rebuilding their lives through housing, shelter, or other programs.

"I am not the same person I was when I first started working with HAVEN. After spending so much time finding a home for my children and I that was really ours and couldn't be taken away from us, I then worked with HAVEN to get a job I loved and that would pay the bills. Aside from those things though, I found myself, I found safety, and I found my life again." HAVEN client

August 10, 2021

Gail Jablonski Business Manager Town of Durham 8 Newmarket Road Durham, NH 03824

Dear Ms. Jablonski,

On behalf of HAVEN, I am pleased to submit our annual request in the amount of \$2900.00 for funding as an Outside Human Service Agency. The mission of HAVEN is to prevent sexual assault and domestic violence and to empower women, men, youth and families to heal from abuse, and rebuild their lives.

HAVEN offers the following services and programs to residents of Durham:

- Emergency Shelter
- 24-hour support: **1-603-994-SAFE (7233)**
- Support and accompaniments to families at the Rockingham and Strafford Child Advocacy Centers
- Support Groups

- Supportive Housing Programs
- Accompaniments to hospitals, child advocacy centers, police departments and courts
- Safe Kids Strong Teens K-12 prevention programs
- 3 offices for in-person support

HAVEN continues to see an increased need in services as an impact from COVID-19; especially as children see other trusted adults in their lives and are able to disclose about abuse happening at home. As an organization, we have continued to be innovative and provide support and shelter to more people than ever before. The services HAVEN provides are vital to survivors experiencing ongoing violence and abuse; they also set survivors up for self-sufficiency after they begin rebuilding their lives through housing, shelter, or other programs.

"I am not the same person I was when I first started working with HAVEN. After spending so much time finding a home for my children and I that was really ours and couldn't be taken away from us, I then worked with HAVEN to get a job I loved and that would pay the bills. Aside from those things though, I found myself, I found safety, and I found my life again."

If HAVEN was not available to provide FREE services to our local communities, area municipalities would incur expenses related to the ongoing health and services required to meet the needs of those impacted by domestic and sexual violence. Preventing violence and providing support for those impacted, can lead to healthier and more secure children and adults.

Last year, HAVEN provided 38 Durham residents with 296.5 units of service.

Total 2022 Request: \$2900.00

On behalf of our clients, board, and staff I want to thank the Town of Durham for your continued support. Sincerely,

Kathy Beebe Executive Director

Kathy Bele

Town of Durham Request for Funding for Social Service Agencies for the FY 2022 Budget Year (January 1, 2022 – December 31, 2022)

For your organization's funding request to be considered, **complete applications must be received no later than Wednesday, August 11, 2021**. Applications should be sent to:

Gail Jablonski Business Manager 8 Newmarket Road Durham, NH 03824

or via e-mail to: gjablonski@ci.durham.nh.us

Gail Jablonski can be reached by phone at (603) 590-1378.

Name of Organization: Big Brothers Big Sisters of New Hampshire

Organization's Fiscal Year (for example: Jan 1 – Dec 31 or Jul 1 – June 30): Jan 1 – Dec 31

Key Contact Person: Abby Sprackland, Grants Manager

Mailing Address: 3 Portsmouth Ave #2 Stratham, NH 03885

Telephone Number: 603-430-1140 ext. 1002 E-mail address: asprackland@bbbsnh.org

Amount of funding requested from the Town of Durham \$ 1,200

Attach a prospectus of the organization outlining its mission, the specific programs provided, and who is served.

Please see attached

Attach a copy of your most recent audit and Form 990.

Please see attached

Describe how these funds will be used (attach statement if additional space is required). Funds from the Town of Durham will be used to continue supporting mentoring services for children in the Town of Durham who are facing adversity. All of our efforts are focused on making the best possible match which is achieved through thorough interviews and assessments of youth and mentors in addition to volunteer background and reference checks. Once a match is determined, our Match Support Specialists facilitate an initial match meeting to introduce the Big, Little and Parent/Guardian. From there on, we provide ongoing match support, resources and child-safety-check-ins throughout the duration of the match. This sets us apart from other organizations — and is the key to the success of a strong, healthy, mentoring relationship. This past year was an especially critical year for our services, due to the state of the pandemic. With children not physically in school or attending their normal day-to-day activities, concerns grew surrounding isolation, child abuse and mental health issues. As one of just a few organizations with "access" to the homes of these children, came greater responsibility to intensify match support and resources for staff and Bigs to address any rising concerns.

^{*}The above table is a snapshot of the Seacoast area we serve. Our services actually extend across the entire state. Due to school and business closures, our site-based programs were temporarily paused, fundraising events were postponed or canceled and social distancing created challenges for matches to connect in-person as they normally would. Despite challenges our organization persevered to serve youth throughout one of the most difficult times. We are making great strides in 2021 to serve even more children.

For your application to be considered complete, please respond fully to the following questions:

Please describe how you arrive at the amount of funding you are requesting from the Town
of Durham. (Attach statement if additional space is required):

The cost to make and support each mentoring relationship provided by Big Brothers Big Sisters of New Hampshire costs approximately \$1,800. As mentioned before, this includes the time and

cost spent to conduct thorough interviews and assessments of both mentors and youth, including volunteer background and reference checks. Ongoing training for volunteers, facilitating an initial match meeting, providing match support (such as child safety check-ins) and resources to the mentor, youth and their family, throughout the duration of the match. BBBSNH currently serves six matches and counting in Durham, we are requesting \$1,200 to contribute to some of the cost to support one of those matches and any new matches that are made.

☐ What would be the impact to Durham residents if the services provided by your organization were not available? (Attach statement if additional space is required):

BBBSNH is recognized as an evidence-based preventive program by the U.S. Substance Abuse and Mental Health Administration's National Registry of Evidence-Based Programs and Practices and also, an affiliate of Big Brothers Big Sisters of America. While all children, no matter their circumstance, are welcome to join BBBSNH, it is important to remember that opportunity is not always equally distributed for our youth. Many of the children we match include children with incarcerated parents, history of trauma, mental and emotional health concerns, have experiences in foster homes or live in an environment with substance misuse. Children living in poverty with little to no parental support or guidance are at higher risk than their peers for being truant from class, dropping out of school and participating in risky behaviors. It is known that the dropout epidemic disproportionately affects young people who are low income, children of single parents, or certain minorities, all of whom are the youth population we serve. We also know that when children fail to thrive academically and socially they are more likely to need social services as adults. The Centers for Disease Control and Prevention (CDC) reports that as the number of ACEs increases, so does the risk for negative outcomes and toxic stress, leaving a lasting impact on individuals.

However, additional reserach shows that the presence of protective factors, including a caring adult, can guard against the increased risks of negative health and life outcomes in youth. Without our services, youth facing adversity lose an opportunity to have a consistent, supportive and positive influence in their life and a safe place to turn outside of their immediate family. This was especially important this past year as youth experienced increased circumstances of stress and isolation. Our mentors stepped up in a big way for their Littles — helping with homework via zoom, writing letters to stay connected, hosting drive-by birthday parties or meeting from a social distance. One of our Bigs even refurbished an old phone so that their Little could contact them more regularly.

Our work takes a proactive approach to improve the health and life outcomes for youth and address the need for positive, prevention strategies. When a child has a foundation that's built on self-confidence, respect and compassion for others, their better prepared to succeed and reach their full potential as well as handle difficult situations that arise, like the pandemic. This in turn strengthens the future of our communities. All children deserve to have a caring adult in their corner and our staff ensures the work is done to fine that person for them.

TOGETHER, WE ARE DEFENDERS OF POTENTIAL

August 5, 2021

3 Portsmouth Ave. #2 Stratham, NH 03885

www.bbbsnh.org

Dear Ms. Jablonski,

I would like to sincerely thank the Town of Durham for the opportunity to submit a request for your ongoing support of our youth mentoring program. We are grateful for the work you do to help strengthen the community.

There is no denying that the pandemic created many significant setbacks for youth; isolation, loss of normal day-to-day activities, time spent with friends or in the classroom, to name a few. As you can imagine, this was especially difficult for children in at risk situations. The pandemic was a reminder to us all just how fragile any of our situations can be. It takes just one moment for any of our lives to be impacted by a circumstance out of our control.

Despite such an unusual year, our mentors continued to provide consistency and a safe place for youth to turn outside of their immediate family. For some children in our program, that connection made all the difference to them. As we move forward, mentoring will continue to play a pivotal role in helping kids to get back on track to reaching their full potential. Our services remain free of charge to the family and the volunteer mentor.

Our request is for \$1,200, the same amount requested last year. This contribution would help us support ongoing matches and serve any additional Durham children applying to the program.

Enclosed is the application form and additional information about our organization. I am happy to answer any questions you may have at (603) 430-1140 ext. 1002 or asprackland@bbbsnh.org. Thank you for your consideration again this year.

Tax exempt status: 02-0348477

Year organization was founded: 1966

CEO: Stacy Kramer

Amount of grant request: \$1,200

Town of Durham Statistics:

• Fiscal Year: January 1, 2021 to December 31, 2021

- Unduplicated youth served from the Town of Durham: 6
- Unduplicated volunteers served from the Town of Durham: 3
 - Total Durham residents served by BBBSNH: 9

Organization Mission: Big Brothers Big Sisters of New Hampshire (BBBSNH) is a mentoring organization, established to provide guidance and friendship to youth who lack supportive surroundings and face significant adversities in their lives. Our mission is to provide children facing adversity with strong and enduring, professionally supported one-to-one relationships that change their lives for the better, forever. This is accomplished by matching children with caring, committed volunteers from the community, in a professionally supported one-to-one mentoring relationship.

Big Brothers Big Sisters has been serving the Granite State for more than 50 years. First started in Manchester in 1966, regional agencies later opened to serve the Greater Seacoast, Western New Hampshire, and Greater Nashua and Salem. Since then, Big Brothers Big Sisters has matched tens of thousands of children facing adversity with caring, supportive mentors. After merging in 2015 to form Big Brothers Big Sisters of New Hampshire, we've continued to serve youth from regional offices located throughout the state.

Providing children with a one-to-one mentoring relationship is <u>all</u> we do. All of our efforts, service delivery systems, child safety procedures, volunteer training, parent coaching and match activities are focused solely on effecting positive outcomes for children through mentoring. We partner with parents/guardians, volunteers and others in the community and hold ourselves accountable for each child in our program achieving higher aspirations, greater confidence, better relationships, avoidance of risky behaviors, and educational success.

Program Description: Big Brothers Big Sisters of New Hampshire provides two core one-to-one mentoring programs to youth, ages 6 to 17.

- Community Based Mentoring BBBSNH matches carefully screened adult volunteer mentors (Big Brothers/Big Sisters) in professionally supported mentoring relationships with youth (Little Brothers/Little Sisters). Bigs and Littles spend quality time together participating in a variety of activities of their choosing.
- Site Based Mentoring utilizes an elementary or middle school student's lunch period or after school program as the venue in which the mentor (Big) and mentee (Little) meet. Time is spent doing homework, enjoying lunch together, reading, playing a board game or outdoors on the playground.

Mentoring programs provided by BBBSNH are based on the mentoring model used by Big Brothers Big Sisters of America, which has a proven track record as a successful prevention program. A study conducted by Public/Private Ventures was used to test the effectiveness of the mentoring programs developed by Big Brothers Big Sisters of America. Findings indicated that during the 18-month study period, those in the group assigned a Big Brother or Big Sister vs. the control group were:

- 46% less likely to initiate drug use
- 27 % less likely to initiate alcohol use
- Almost 1/3 less likely to hit someone; skipped one-half as many days of school; and felt more competent about doing schoolwork

Community Need: Independent research has told us for some time that Big Brothers Big Sisters improves the odds that the youth we serve will succeed educationally and socially. BBBSNH recognizes that one-to-one mentoring is a successful approach to address many of the issues facing youth today. An adult mentor is the single most important thing in a child's life. Mentoring sets youth on a different path, providing positive impacts that help them dream a little bigger.

Outcome Evaluation System: BBBSNH uses a length + strength = outcomes framework to drive results for mentored youth. All matches are measured for success within this framework.

Length: BBBSNH uses a 12-month retention rate as its primary indicator of match length. Twelve-month retention rate is the percentage of matches that are still open after 12-months.

Strength: This is measured using a survey that consists of 10 questions for mentees and 15 questions for mentors that help BBBS determine the strength of the mentoring relationship. The survey will be given at the 3-month point and annually thereafter.

Outcomes: The Youth Outcomes Survey is designed to track outcomes in the following areas: scholastic competency, educational expectations, self-assessment, social acceptance, parental trust and attitudes toward high risk behavior. It is given to children at the start of a match and each anniversary.

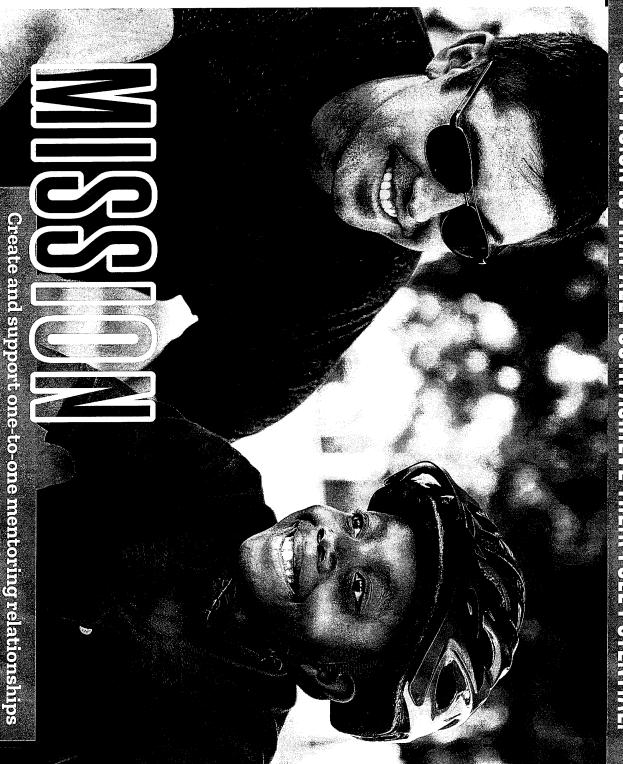

Budget: Big Brothers Big Sisters of New Hampshire maintains detailed fiscal records meeting all requirements set out by funders and the American Institute of Certified Public Accountants. Our current operating budget and audited financial statements are available upon request.

CRISIS DOES NOT CHANGE US, IT AMPLIFIES WHO WE ARE.

In ways large and small, the COVID-19 pandemic frayed and stretched the invisible thread between us all: connection to our families, our friends, our community. Yet, as always, Bigs and Littles remained a light in each other's lives.

Penning letters of hope, laughing over video chats, or visiting parks and trails, Bigs and Littles forged and strengthened friendships in spite of the distance. In-person meetings at our four workplace and two Bigs in Badges mentoring sites in the state were discontinued, but those matches remain in touch and ready to pick up where they left off.

Pivoting swiftly to tackle 2020's challenges, BBBSNH also made strides in better reaching marginalized youth. We launched PRISM (Pride, Respect, Identity, Safety, Mentoring)—a partnership with Seacoast Outright focusing on LGBTQA+ youth and mentors. Serving a growing number of LGBTQA+ youth, we're improving enrollment practices and training for mentors and staff. We also ramped up training about trauma for mentors and staff, allowing them to better support youth who have histories of adversity, such as abuse or neglect.

In the year to come, we continue to balance our strategic efforts to serve more youth, meet the complex needs of each child, and advocate for equity in the Granite State.

For your application to be considered complete, please respond fully to the following questions:

6. Please describe how you arrive at the amount of funding you are requesting from the Town of Durham. (Attach statement if additional space is required):

We ask \$1500 from each represented town to help defer our costs in case of financial grant decline. This figure has not increased since 2013 even with rising operating expenses. We unfortunately have seen with the Covid 19 pandemic precautions and closure of all doctors for non emergent services over the last few months that in fact we did have a decline in grant income. We have begun to resume normal operations with all necessary precautions but will continue to struggle possibly until next year.

Looking at our numbers one can see that our service was on track to grow and flourish last year as our residents aged in place. As you know NH has one of the higher 55 yrs and older resident populations. With the new 2020 census coming out we will be able to better gauge where NH 55 and older population stands. There is a new independent living construction opening this year in our area. We did not see that growth this year due to Covid 19 and saw our numbers drop dramatically as we only were providing rides to the most critical appts for half the year, but we feel that the rest of the year as things improve we have and will see more increases as riders who have been putting off doctors appointments and therapies are coming back and making up for missed and postponed appointments.

7. What would be the impact to Durham residents if the services provided by your organization were not available? (Attach statement if additional space is required):

Unfortunately at this time because of the recent decision from Lamprey health to no longer provide rides there is a huge population of riders who will now be depending even further on Ready Rides and our services. If Ready Rides were not available it would hugely impact the health of a whole section of the elderly population. There are so many in need right now. Ready Rides has expanded our services to provide grocery and pharmacy pickups to help those in need to receive food and medication also. We plan to continue this expanded service during

this pandemic. Ready Rides is often the only choice many residents have to reach much needed medical appointments that cannot be done over the new telehealth program. We are here to help the elderly and disabled in the community to maintain and improve their health with trips to Dialysis, regular medical care, therapy and rehab appointments. Our hope is that with our service we will allow our riders to maintain their independence to live on their own and to have less stress from the feeling of helplessness that can come with not being able to take care of your own transportation needs such as going to the doctor. Studies have found that the elderly who do not get regular medical care get more depressed which can lead to other health problems such as substance abuse or even suicide. Our service has also been shown to relieve some of the pressure and the stress on whole families who were trying to juggle their elderly family members' needs for transportation to appointments or dialysis during the day, the demands of their jobs or juggling their younger family members' transportation needs. Some elderly never had children so don't have family or do not have family nearby and are on a fixed income and cannot afford a \$50 taxi or Uber or Lyft ride each week to therapy or dialysis. Living in the rural communities as they do there is not an extensive bus system they can utilize. We hope to be able to keep this growing population of retirees and over 55 residents as independent and healthy and in their homes as long as possible.

Ready Rides Currently has a trifold brochure that is distributed to all possible medical offices in each town and to each Town hall, Library and Community Center to get the word out. Ready Rides tries to let those in need of our services see what is available to them. Ready Rides is always looking to grow its base of Volunteer drivers.

What To Do

To Receive free Rides

All that is required to receive free rides is to be 55 or older or have a disability. Contact us to fill out a Registration form

To Volunteer to Drive

Reach out to us and we can help you get started to help out those in your community. You must be 21 or over and have your own vehicle and valid drivers license and insurance.

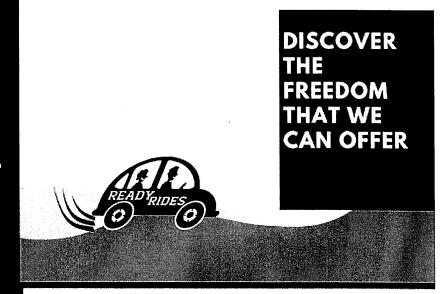

Referal Program

If you refer a driver to us and they become a driver and drive 3 times in 5 months we will sond you \$50!

Contact us here

www.reacyrides.org Email: info@readyrides.org Phone: (603) 244-8719 Snail Mail: P.O. Box 272 Northwood NH 03261

Like us on Facebook ReadyRides

Ready Rides

Serving the residents of Barrington, Durham, Madbory, Newfields, Lee, New Market. Harthwood, Strafford and Nottingham

We are a curb-to-curb free transportation service. Our fully verted volunteer drivers use their own vehicles to offer rides to adult residents to Health related appointments. Readyrides can also offer accessible rides.

Ready Rides is a Nonprofit that provides FREE Rides

The mission of Ready Rides is to ensure that everyone over 55 or disabled in our communities has a ride to Medical, Therapy, Dental and Health related appointments

Ready Rides, would be to thomy our solunteer arrivers, our decars and the paramitation that support our work.

If you would like to make a donation in support please make shocks payable to Ready Rides and mail to P.O. Box 272 Nathwood, Nr. 03261

We are always looking for Volunteer Drivers

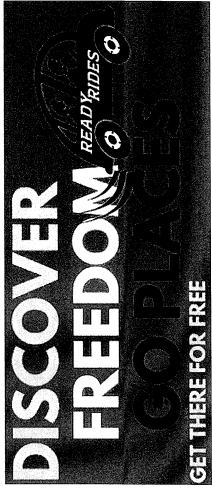

Altrokes a social person to take time but of their busy day to help someone else.

Maily of our drivers find deep satisfaction in driving those in need and love to payback to the community in a way that only a valuateer driver can. The Intendships and bonds that drivers form with our riders is truly amazing.

Often our passengers have no family nearby to take them to these very important appointments that keep them healthy. Some patients have dialysts 3 times a week and its impossible for their family take that much time off from work. So when you volunteer, many times you are helping whale femilies teel at each knowing their laved areas are getting to places to receive life saving services.

We reimburse for GASI

Town of Durham Request for Funding for Social Service Agencies for the FY 2022 Budget Year (January 1, 2022 –December 31, 2022)

For your organization's funding request to be considered, **complete applications must be <u>received no</u>** <u>later than Friday</u>, <u>August 11, 2021</u>. Applications should be sent to:

Gail Jablonski Business Manager 8 Newmarket Road Durham, NH 03824

or via e-mail to: gjablonski@ci.durham.nh.us

Gail Jablonski can be reached by phone at (603) 590-1378.

Name of Organization: Strafford Nutrition & Meals on Wheels

Organization's Fiscal Year (for example: Jan 1 – Dec 31 or Jul 1 – June 30): July 1st - June 30th

Key Contact Person: <u>Jaymie Chagnon</u>

Mailing Address: 25 Bartlett Avenue - Somersworth, NH 03878

Telephone Number: (603) 692-4211 E-mail address: ExecutiveDirector@SNMOW.org

Amount of funding requested from the Town of Durham \$1,500

Attach a prospectus of the organization outlining its mission, the specific programs provided, and who is served.
Attach a copy of your most recent audit and Form 990.
Describe how these funds will be used (attach statement if additional space is required).

<u>Funds allocated by Durham will used specifically to provide meals and services to the residents of Durham.</u>

We face two main challenges in providing meals in Durham. First is raising the matching funds from local sources as required by the federal/state grants. In other words, although the federal/state contributes towards providing meals in Durham they will only pay about 70% of the cost for 3,748 meals served in Durham. If we are unable to raise the match we will be ineligible for the grants.

The second challenge is raising 100% of the cost for 1,108 meals served over the contract limits(3,748 limit). SNMOW works hard at raising funding from various sources in order to avoid wait listing a senior who needs meals. Currently, we anticipate needing to raise \$19,615 for services provided in Durham this year.

Does the organization receive funding from other municipalities?	X_	YES	NO
If yes, list the other Towns or Cities providing funding and the amo	unt d	of fundin	g provided:

	FY 2019/20	FY 2020/21	FY 2021/22
Name of Town or City	Received	Received	Received or
,			Requested
Barrington	\$1,200	\$1,200	\$1,500
Dover	0	\$5,000	\$5,000
Durham	\$1,500	\$1,500	\$1,500
Farmington	0	0.	\$2,000
Lee	\$1,500	\$1,500	\$1,500
Madbury	0	0	\$ 500
Middleton	\$ 250	\$ 150	\$ 250
Milton	\$1,500	\$1,500	\$1,500
New Durham	\$1,200	\$1,200	\$1,200
Rochester	\$2,000	\$12,000	\$12,000
Rollinsford	\$1,000	\$1,000	\$1,000
Somersworth	0	0	\$5,000
Strafford	0	\$1,000	\$1,000

Note: We started needing Town support in our FY 18/19. Request were made to all towns services were provided in. We are currently working towards building support in all towns/cities where services are provided based off the level of service in that community.

For your application to be considered complete, please respond fully to the following questions:

☐ Please describe how you arrive at the amount of funding you are requesting from the Town of Durham. (Attach statement if additional space is required):

The primary factor is the cost of providing the service in Durham. The cost is calculated by the number of meals served along with the type of meals as some are more expensive to provide than others. Our anticipated cost for providing services for FY21/22 in Durham is \$38,945. These estimates are based on historical data of services provided in Durham and the current cost of providing these services. We are continuing to see a steep increase in the cost of providing the meals and have serious concerns about our ability to meet these obligations if all funding requests are not received, especially has fundraising abilities have been dramatically impacted since the onset of the pandemic.

As a program we are about 92% homebound services. Every homebound clients eligibility and needs are assessed initially and annually thereafter. Based on their assessment an individual could receive from one meal - five days a week up to three meals - seven days a week. We also provide some meal type options based on dietary restrictions such as pureed or ground, diabetic friendly, lactose intolerance, etc. Based on the individuals level of need the cost for providing one year of services ranges from \$2,210 to \$7,160.

We realize the Towns are primarily interested in how many of their residents we serve, so we present that information in our funding request. However client counts alone can provide a skewed perspective when you are talking service needs. For example if you have 50 residents that only attend a couple of monthly specials throughout the year may add up to around 150 meals. Or you could have 10 residents with high level of need that could be receiving over 6,300 meal. So for further clarification we have included the number of meals served along with the client charts.

☐ What would be the impact to Durham residents if the services provided by your organization were not available? (Attach statement if additional space is required):

Our program is designed to help keep individuals safely in their homes in lieu of more costly alternatives by delivering nutritional food, support services, and daily safety checks.

Provision of our program has a ripple impact that goes well beyond the recipient. For the recipient they receive much needed nutrition helping them improve or maintain their health and independence. For family members (who may also be residents and can't stay home to take care of their elderly relative, they have the peace of mind knowing their love one is being seen and monitored. For the community we reduce the demand on emergency services, reduce the number of potential residents being placed in the nursing home systems.

Meal on Wheels impacts every tax payer out there, especially with the growing number of seniors, people living longer, and the increase levels of need among the people requiring assistance. Rough cost equivalents:

One year of Meals on Wheels = Ten days of Nursing Home care = One day of Medical Care

August 6, 2021

Durham Town Council 8 Newmarket Road Durham, NH 03824

Dear Councilors:

SNMOW requests the Town of Durham's support to help provide meals and safety services to the residents of Durham who look to us for assistance as part of their next budget cycle. As we all are very much aware Covid-19 Pandemic has increased challenges and financial burdens for many business. Meals on Wheels is no exception, we are seeing increase need, increase costs, and unfortunately losses in revenues due to fundraising constraints under the current environment. We believe this pandemic has helped demonstrated the importance in assisting Meals on Wheels programs continue their mission. Meals on Wheels provides a true value to each community we serve.

OUR MISSION

To promote the well being of the elderly and disabled adults of Strafford County by providing services to foster independence in their own home and prevent or delay the need for institutional care. Through the delivery of hot nutrition meals in home or community settings, daily safety checks, nutrition education, and nutritional assessments SNMOW will promote physical and emotional health, protect their quality of life, and aide in the social & economic needs of the elderly and disabled.

SERVICE PROVIDED TO DURHAM RESIDENTS

22 Durham Residents (on average we are feeding 16 Durham residents per day)

4,083 Nutritious Meals

2,064 Safety Checks and Support Services

SNMOW provides services all year round from the Waldron Towers in Dover. We provide meals Monday – Friday, with provisions for evenings and weekends for clients certified with greater needs.

TOWN SUPPORT PROVIDES MEALS FOR TOWN RESIDENTS

Cost of providing Meals on Wheels to Durham residents:\$38,945.00

We are asking the Town of Durham to contribute \$1,500.00 towards the cost of these services.

A lot of individuals mistakenly believe that Meals on Wheels is fully funded. They tend to think we are what many refer to as an entitlement program and maybe that is why less than 2% of philanthropy money is put towards senior related programs. The truth is we must raise about \$150,000 each year just to maintain the current level of service. Town funding is needed for these specific reasons:

• Meeting Matching Grant Requirements. The Federal/State funding we do receive is a matching grant that requires we raise about 30% of the cost of each meal from local sources. In Durham, that meant we had to raise the match for 3,212 of the meals served. We only ask the Town to contribute a small portion towards the local match requirement. We make up most of the match through various means, including the donations made by the clients towards the cost of their meal.

• Town support helps prevent waiting lists. Town support also helps us to feed clients who need and qualify for the service, but we have exceeded the amount of units allowed under our grants. In Durham we had to raise 100% of the cost for 871 more meals served beyond the 3,212 units allotted through the grant.

SNMOW'S IMPACT AFFECTS A BROAD SPECTRUM

<u>Individual Impact</u> — "I am very grateful to all the Meals on Wheels staff that make a warm, nutritious meal for me every day. Your care and thoughtfulness does not go unnoticed."

In addition to the nutritious meal helping promote physical health, our staff with their everyday gestures and training also promotes emotional health, especially for those clients who are more isolated.

Family Impact — "I would like to let the public know how understanding the Meals on Wheels people are. They just don't cook and deliver meals; it's the smile, and someone checking in on shut-ins. Like this past Friday, when they brought my Dad his lunch. My Dad had thought he was coming down with a cold, the MOW people didn't agree, and called an ambulance. It was another heart attack. He's doing just fine. Again, my personal thanks to all of you."

In a world where families no longer have a stay at home member or may live great distances apart, we are able to help support them by feeding and checking in on their loved ones, with the reassurance that as any concerns arise we will bring it to their attention.

<u>Community Impact</u> — "As a former Budget Committee member for years, I wish I knew then what I do now! Meals on Wheels is such a worthwhile answer to helping people stay out of institutions."

Meals on Wheels benefits go beyond the impact on the individual, we benefit the town too:

- Town welfare costs, as Meals on Wheels feeds residents in need.
- County taxes, as Meals on Wheels impacts nursing home placements.
- <u>Demands on the local police force, fire department, and ambulance service</u> as this at-risk elder population is fed and checked on through the daily Meals on Wheels service.
- Working <u>Durham residents</u> can have peace of mind, knowing their loved ones are being fed and checked on during the day.

<u>One year</u> of Meals on Wheels = $\underline{\text{Ten days}}$ of Nursing Home care = $\underline{\text{One day}}$ of Medical Care

MEALS ON WHEELS A WORTHWHILE INVESTMENT WITH A HISTORY OF SUCCESS

Meals on Wheels is a financially sound response to the greatly increasing number of elderly, some of whom require assistance to continue to remain at home. Our most recently tabulated survey conducted Fall 2020 showed service going to high need clients:

- 62.2% of the clients over 70 years old,
- 69.6% responding that this is their only meal of the day,
- 96.4% telling us that, Meals on Wheels benefited their health, and helped them to remain living independently.

SNMOW has been serving the communities of Strafford County since 1973 providing a ready hot meal and safety checks for those in need. We strive to do our best to keep our requests reasonable, our costs under control, including an Administration cost which is about 9.7%, and of course to provide a quality service to the seniors of Durham.

Town support is critical in our ability to continue serving the seniors and disabled adults of your community and a cost effective way to deal with your aging populations needs.

Sincerely,

Jaymie Chagnon

ExecutiveDirector@SNMOW.org

For your application to be considered complete, please respond fully to the following questions:

☐ Please describe how you arrive at the amount of funding you are requesting from the Town of Durham. (Attach statement if additional space is required):

The level of funding requested is not directly related to the actual services provided to Durham residents. Nearly two thirds of our funding comes from private donors. We depend heavily upon municipalities to support our services and maintain our capacity. Over the years, the residents of Durham have generously supported Cross Roads House, and are one reason we are still able to meet the needs of local people experiencing homelessness.

Each year Cross Roads House submits funding requests to all the local municipalities in our service area (Eastern Rockingham and Strafford Counties in NH, and Southern York County in ME). The level of funding and the number of people we serve from each city and town varies from year to year. Historically, we have served a relatively small number of people from Durham each year and have therefore kept our funding request level. As you will see in the data attached that shows the level of funding from various municipalities, it varies greatly as does the number of people who stay at the shelter from each town.

☐ What would be the impact to Durham residents if the services provided by your organization were not available? (Attach statement if additional space is required):

Cross Roads House is the largest shelter in our region and provides the most comprehensive level of services to homeless men, women and children. If our services were not available to Durham residents, the town would be responsible for finding alternative housing for people who have no place to go. Even at a modest hotel rate, the nightly cost would add up quickly and people would not be receiving the case management and supportive services that would assist them in ending their homelessness. Cross Roads House provides a critical safety net for some of the most vulnerable members of our community. If our services were not available, the health and well-being of the people we serve would be greatly jeopardized.

For nearly 40 years, Cross Roads House has been providing shelter and supportive services to men, women, and children in the NH Seacoast area who are experiencing homelessness. We are guided by our mission, to meet the immediate needs of families and individuals with nowhere else to turn, and to provide them with the tools and guidance they need to successfully return to permanent housing. Cross Roads House is open and staffed 24 hours a day, 365 days a year, and on most nights, our beds are full or over capacity. In our Fiscal Year ending June 30, 2021, we provided 27,578 bed nights of shelter to 368 people, including 24 families with 50 children. Of those we served, 1 Durham resident stayed at the shelter for a total of 42 bed nights.

At Cross Roads House, all residents have access to:

- Safe shelter
- Basic needs such as three meals a day, showers, laundry, phone, mail, and internet
- Supportive services that provide direction and support for returning to permanent housing including needs assessment, individualized case management, "Rent Ready" and "Ready to Work" seminar classes, and referrals to services throughout the community
- A wide variety of wrap-around services provided by partner agencies, including mental health and substance use disorders counseling, and primary medical care
- Post-shelter support to help maintain housing provided by Housing Stability Case Managers
- HUD Funded Permanent Supportive Housing (Housing First) Program
- Permanent rental housing in our Greenleaf Avenue facility for up to 12 individuals who previously experienced homelessness

In March 2020, our community was presented with previously unforeseen challenges related to the COVID-19 pandemic. As an essential service provider, Cross Roads House undertook the daunting task of changing nearly every aspect of our service delivery, all while remaining open 24/7. It quickly became evident that in our shelter setting there was not adequate space to separate people, keeping six feet apart as the CDC recommends. Our residents were sleeping in dorms with up to 24 beds each, sharing bathroom spaces, and eating meals together in our crowded dining room. Most of our staff needed to work on-site to provide direct care to the people we serve.

To meet CDC guidelines and keep residents and staff safe, Cross Roads House implemented a pandemic response plan that includes:

- Decreasing the population of the shelter by leasing private motel rooms for those who are medically frail or working
- Implementing new cleaning and social distancing standards
- Instituting daily health screening and a mandatory mask wearing policy for all residents, staff, and visitors
- Offering vaccination clinics and weekly COVID-19 testing for all staff and residents
- Temporarily halting on-site volunteering and donation drop off
- Working with partner agencies to facilitate telehealth appointments
- Supporting the remote learning needs of our school age children
- Making extensive renovations to our building

Our vision is "Breaking the cycle of homelessness". We do this by continually striving to improve our resident outcomes, which are measured annually. Every year we measure the number of residents served, resident lengths of stay, number of residents who successfully move to permanent housing, and recidivism rates, in order to develop effective programs and services. Outcomes from our last fiscal year (ending 6/30/2021), include the following:

- Our average length of stay was 75 days, a 27% decrease from the previous fiscal year.
- Of those who stayed 90 days or more, 98% overall moved to permanent housing.
- Post-shelter Housing Stability Case Management services were provided to 63 households and 116 individuals; 90% of households were able to maintain stable housing through the end of the fiscal year.

Our community is safer, healthier, and more prosperous when we all have a place to call home. Cross Roads House provides vital services to the men, women, and children in our community who are experiencing homelessness. As the largest shelter provider in our area, we provide a critical safety net for those in need. If our

services were not available, local towns would be obligated to send families and individuals who are experiencing homelessness to shelters out of the area or provide those people with motel rooms which would be very costly. Additionally, there are many benefits to keeping people close to support services, employment, and schools in their own community.

Throughout the pandemic, Cross Roads House has remained open, providing access to critical emergency shelter, assisting in finding stable housing, providing referrals to local agencies, and offering post-shelter case management support, all vital tools in helping people get back on their feet, and move from homelessness to a home of their own. Given the breadth of service we provide at the funding level we are requesting, we hope the town sees Cross Roads House as a good value and will consider this request for support for the coming year.
