77	West Pit Hill (Same as 32-47)		Brownie/Grant, Vella Smart								
										1978. Where dimensions of a lot are given, there is some semblance of care. Those with no boundaries are in a more neglected condition, with many rough unmarked stones or mostly sunken graves. Location codes indicate: n-north, s-south and w-west.	
										Many of those designated as abandoned have, in the past ten years, been cleared, sprayed and stones straightened. Scouts have undertaken this as community projects, and an attempt has been made to continue with care.	
										The 1947 state statute allowing towns to appropriate up to \$300 per year for care of neglected cemeteries has been utilized for those projects. In 1977, the restriction was removed, but Durham has asked for \$500.	
										As of 1989, Trustees requested \$800 for (all) underfunded graveyards.	
										Philip A. Wilcox Town trustee of trust funds President of N.H. Old Graveyard Association.
