The committee finished reviewing the uses allowed in Section 175-60 A.

The definition of Conservation Activities was modified to change “motorized vehicle ways” to “trails.”

Emily suggested the Town or Conservation Commission having a welcome packet for new residents/home buyers with information about conservation issues and ordinances and other matters.

We will include on the next Conservation Commission agenda discussion of the PREPA grant possibly for a wildlife inventory. We could ask Amanda Stone to speak with the commission at the April meeting.

The next meetings will be April 13 and April 20. Then in May we will change to meeting on the first and third Thursdays of each month.

Respectfully submitted.
