-  Top-ranked Habitat in Region
-  Supporting Landscapes
-  Other

2010 Habitat quality was assessed statewide by New Hampshire Fish & Game as part of the NH Wildlife Action Plan. Habitats were ranked by their condition, biological value, landscape value and level of human impact. For more information and detailed methodology, see the NH Wildlife Action Plan at www.wildlife.state.nh.us. Property boundaries courtesy of Broken Arrow Realty and tax maps from Durham. Habitat ranking from NH Fish and Game. All other data from GRANIT. Map created by The Trust for Public Land on March 31, 2010.
