

# HISTORIC DISTRICT COMMISSIONS IN NEW HAMPSHIRE

September 2006

*This is a list of the heritage and historic district commissions known to the New Hampshire Division of Historical Resources at this time. Please note that this is not a list of locally-regulated historic districts in New Hampshire, because some communities with historic district or heritage commissions have not yet enacted a historic district ordinance or established a historic district; but other communities have created more than one historic district for which their commissions are responsible. If you know of any New Hampshire historic district or heritage commissions that aren't named here, please notify the DHR so they can be included, too. Our address is: NH Division of Historical Resources, 19 Pillsbury Street, Concord, NH 03301-3570 603-271-3483 603-271-3558 FAX 603-271-3433 Voice/TTY RELAY ACCESS 1-800-735-2964 e-mail [preservation@dcr.nh.gov](mailto:preservation@dcr.nh.gov)*

*"Certified Local Government" (CLG) indicates a community which has met special performance standards established by the NH Division of Historical Resources and the National Park Service of the U.S. Department of the Interior. For information about the CLG program, and about how communities can apply for certification, contact the Division of Historical Resources.*

*This list may not include all of the Heritage Commissions, nor Historic District Commissions that have converted to Heritage Commissions, or vice versa. Check with the city or town clerk to verify whether a particular community does have a historic district or heritage commission. And, as noted above, if you know of any New Hampshire historic district or heritage commissions that aren't named here, please notify the DHR so they can be included, too.*
