

“Stewarding Our Lands” LSS working group

11/6/23 meeting summary

In attendance: Gale Carey, Sara Callaghan, Ann Welsh.

1. We reviewed the third draft of **Oyster River Greenway** Questionnaire Findings, and agreed they are ready for LSC review at next meeting.
2. We reviewed the third draft of **Packers Falls** Questionnaire Findings, and amended the recommendation about signage. There is a town resolution about signage at Packers Falls which must be posted verbatim. We agreed that additional signage consistent with other town property signage regarding what activities are allowed and prohibited, would be very useful. This draft is ready for LSC review at next meeting.
3. We reviewed the second draft of **Wiswall** Questionnaire Findings, and amended the recommendations to include a town kiosk with information about the property and its features. This draft is ready for LSC review at the next meeting.
4. Sara Callaghan, Land Stewardship Coordinator, will host of meeting of volunteer trail stewards on Nov 6, 2023, 4-6 PM, for new 16 volunteers. Sara’s work with Steve Lutterman to streamline volunteer reporting via the “Survey123” system is a win-win for both stewards and LSC coordinator. Sara shared trail counter data from Longmarsh.

Action Items:

With our questionnaire findings completed, and awaiting review by the LSC, we can turn our attention to the Property Inventory Spreadsheet. Please refamiliarize yourself with this document and come to our next meeting prepared to make additions, suggestions, etc. that would be helpful to Sara.

Next meeting:

Monday, Dec. 11, 10:00 AM, First floor conference room, Town Hall
