NOTICE OF MODIFICATION

Jonathan,

I have hereby approved your attached request, as an administrative modification. The modification is approved as submitted. The shed will be added along the right/easterly boundary of the Lodges site. The site plan is shown here. The location is in line with the potential future access so if that access is to be used in the future, the shed would likely need to be relocated. Please check with Tom/Karen about whether you will need a building permit or not.

Michael,

Here is the administrative Modification Request form for the storage shed for our maintenance team. Please let me know if you need any additional information. From speaking with Reeds Ferry, all installation times for this year are full so we would be looking at a January install. I'd like to get on their schedule as soon as we are through your approval.

Thanks

Jonathon
