Subject: Mill Plaza

My name is Scott Burklund, I have lived in the Faculty neighborhood for 21 years and my wife has lived here over 30. I have worked for the University of New Hampshire for 40 years and my wife has just retired after 25 years of service to UNH.

For reasons expressed in the letter from Karen G. Wess, Ph.D. and her testimony that draws from 15 years of research in the areas of college student culture, drinking and intoxication-related crime I **oppose** the construction at Mill Plaza.

Thank you,

Scott
