Re: Mulhern Subdivision

After reviewing the current documents associated with the development of a subdivision accessed via Gerrish Avenue, I have the following comments relating to the police department:

- The existing roadway intersecting with Gerrish and/or Ambler Way with Canney Road has plenty of sight distance posing no significant challenge.
- While I am unsure as to how numbering for the homes will be designed, the Police Department believes it is critical that the homes are properly numbered and identified to allow for the quick and efficient delivery of police services.
- There currently exist adequate police resources to serve the needs of residential property. However, each additional home added to the tax roll will ultimately have a cumulative effect upon police capacity to respond.

If you have any questions, please feel free to contact me.
