RE: Revised site design submission 5, Lots 1-9, 1-10, 1-15, 1-16 19 & 21 Main St.

Dear Michael,

Please find attached two revised plan sheets C101 and C102. This submission is a revised design based on the ZBA decision at the April meeting. This revised site design has eliminated the proposed retaining wall at the southerly side of the parking lot and replaced the retaining wall with a fill slope to match the existing grade at the southerly side of the property. Please provide these plans for the discussion at the May 12 meeting for the continued site review.

If you need additional information or have questions or comments please feel free to contact me.

Sincerely,

A handwritten signature in black ink that reads "Michael J. Sievert". The signature is written in a cursive, flowing style.

Michael J. Sievert PE
