**Subject:** Parking

To whom it may concern,

I hope this email finds you well. My name is Alyson Testa, and I am reaching out in regard to the current UNH parking situation. I am currently a senior at UNH, and I live at one of Peter Murphy's apartments. I only live an hour away from campus and have always wanted a car on campus for that convenience (and many others) but due to the high expense and lack of availability, I haven't had a car on campus until this year. I was fortunate enough to get a parking spot right outside my apartment from Peter Murphy, but some of my roommates didn't even get that chance. Due to this campus wide lack of availability, I am in full support of Peter Murphy's parking plans. It will help future tenants and students living elsewhere on campus have the chance to bring their car to school, which ultimately has more benefits than drawbacks. Thank you for your time and consideration.

Alyson
