To the Chair and members of the HDC

Dear Chair Corrow and Members,

This is part 2 of my comments ! If this application is to be seriously considered , could you please ask the applicant if there is a possibility of modifying the straight direct 2 lane road into the property with a gentle curve so when you drive by, it really looks like an old country road, tree lined..... This photo just shows one lane but it has a graceful line to it, and not a straight entry.  
Thank you, Andrea
