Subject: important letter re:Church Hill from Prof. Wollheim
Date: Thursday, July 7, 2022 10:26:20 PM

Please forward to Planning Board:

I strongly encourage all members of the Planning Board to pay close attention to and carefully consider the letter which you have received from my colleague Prof. Wil Wollheim of UNH, re: Church Hill, before taking any vote on this subject. We are very fortunate in Durham in having such knowledge and talent as represented by fine scientists such as Prof. Wollheim. His letter is a good service to our town and a wise and insightful scientific message to all of us.

Best.

John E. Carroll
Professor Emeritus of Environmental

Conservation

UNH
