

To: Durham Planning Board / From: Joshua Meyrowitz, 7 Chesley Dr / May 31, 2022
It would take 25+ Council Chambers to hold the proposed 13,702 CY of fill ([p.3](#)) for Church Hill

Council Chambers
= 543.4 Cubic Yards

“Extensive grading and filling *shall* be avoided.”

(Site-Plan Regulations [p. 58](#))

15,925 CY “Overall Net Fill” (with pavement & chambers/stone, also elevating the grade) would fill 29.3 Town Council rooms.
