**Subject:** Comments to Planning Board on Gerrish Dr. Subdivision and CU

Dear Karen,

Please forward my comments to the Planning Board on the Gerrish Subdivision and CU.

Dear Planning Board Members,

Please be sure to study the alternative access to the subdivision as I believe it will be much less impactful to the neighborhood Johnson Creek, the Oyster River and the Great Bay. The current access route will be detrimental to the important benefits we get from Gerrish wetlands. I urge you to protect these wetlands for all Durham residents.

Thank you,

Nancy Sandberg  
15 Langley Road.
