5 Glassford Lane

B. The following uses or activities, including any necessary grading, shall be permitted in the SPOD provided that the Zoning Administrator issues a permit for the activity after the Planning Board, with the advice of the Conservation Commission, determines that:

a) appropriate erosion control measures will be used,

Erosion control measures will be used per the approved construction plan. Additionally, the entire project is an erosion control measure.

b) any disturbed area will be restored, and

Disturbed areas will be planted with approved ground covers and small shrubs.

c) the activity will be conducted in a manner that minimizes any impact on the shoreland:

The large boulders will be placed to replace the lost toe of the embankment and work will be conducted behind that to provide stabilization.
