Town Planner's Review
Wednesday, November 30, 2022

- VIII. **Public Hearing - Housing Amendments.** Consideration of numerous amendments to the Zoning Ordinance proposed by the Durham Housing Task Force to enhance housing opportunities in Durham.
- I recommend that the board hold the public hearing, discuss comments and the proposed amendments if there is time, and continue the public hearing to December 14.
- IX. **Review of Planning Definitions in Zoning Ordinance.** Continuing review of the Zoning Ordinance section by section as part of the zoning rewrite.
- I recommend that the board discuss these proposed changes and continue the discussion to another meeting. I prepared these amendments as part of the board's ongoing Zoning Rewrite, reviewing each section of the zoning ordinance as time permits.
