Subject: Workforce Housing

You don't often get email from cherigeorget1@comcast.net. [Learn why this is important](#)

My name is Cheryl Trombley and I live at 38 Madbury Rd., 300, Durham. I am emailing in support of the Workforce Zoning Amendment and Rezoning Ordinance. I feel strongly, in light of the extremely high cost of rental units in Durham and surrounding areas, that low cost housing is vital. Having returned to this area after living in FL. for several years, I struggled to locate affordable housing.

As I'm sure members of the Planning Board is aware, the lack of rental units doesn't support the local workforce as it is currently structured and affordable housing is sorely needed.

I apologize for the lateness of this email however I just today heard about this issue late this afternoon and am unable to be available to attend the hearing or participate in the Zoom option.

Thank you for your consideration of this request.
