Subject: Planning Board consideration of workforce housing.

Good morning Michael.

I support changing the zoning on Route 4 to build workforce housing at the Keefe property. I know that this could lead to further development along the Route 4 corridor but there is much preserved land to define our rural gateways. Housing has become too expensive for young families and workers in many parts of our country. We need to support them so that they can have a decent quality of life.

Thanks.

Kitty M
