Subject: Support for free-standing solar array project

[You don't often get email from [selimnairb@gmail.com](mailto:selimnairb@gmail.com). Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification> ]

To Whom It May Concern,

I would like to voice my support for the free-standing solar array project at St Georges Church. We need to build solar projects throughout town wherever feasible. The proposed project seems to be a good approach given the site constraints.

Sincerely,

Brian Miles
