

TimberNook Mystical Evening

Call all 6-10 year olds....
Join us for a **Glow in the Dark Tea Party**
and an **active game of Flashlight Firefly!**

This enchanted evening is designed to give children the opportunity to play, create, and explore as daylight fades, evening falls, and the stars appear. The spacious woods will be alight with twinkling and sparkling objects. The children will have the opportunity to create glow in the dark tea cups as well as their own magical settings for our Glow in the Dark Tea Party.

A campfire will add warmth and a special glow to our evening as we gather to eat our brown bag dinners and then cook a delicious snack and a big pot of tea. The evening will culminate with an active game of Flashlight Firefly after which we'll send our TimberNookers off to tumble into peaceful slumbers full of memories from a wonderful crisp autumn evening in the woods!

Ready to play the TimberNook way?

Register: online at <http://www.timbernook.com/camp-registration-lee-nh> or call 603.868.1335

TimberNook is an innovative nature-based developmental program founded by pediatric OT Angela Hanscom. This program is designed to foster creativity, imagination, and independent play in the great outdoors. We give children the right combination of space and resources to build, create, and explore nature - while nurturing child development at the same time!
