9 *the well-being of Indigenous people who carry forward the traditions of their ancestors.*

10  
11 **VI. Public Comments (\*) – Please state your name and address before speaking**

12  
13 **William Hall, Smith Park Lane**, spoke about the Town taking water from the Lamprey River  
14 and explained the reason why there is not enough water coming from the Lamprey River.

15  
16 **Beth Olshansky, Packers Falls Road**, complemented the Town Council saying it was an honor  
17 and a pleasure to have Councilors that are working in the best interest of the community. She  
18 also informed the Council and public that if anyone is already registered to vote in Durham, they  
19 do not need to bring in their passport to change party affiliations for the New Hampshire  
20 Presidential Primary. They need only provide a driver's license. She said the deadline to change  
21 party affiliation for the New Hampshire Presidential Primary is Friday, October 6, 2023.

22  
23 **VII. Report from the UNH Student Senate External Affairs Chair or Designee**

24  
25 Olivia Welsh, Chair of UNH Student Senate External Affairs, said she met with the Panhellenic  
26 Counsel about organizing a street cleanup event on a Saturday in November that had been  
27 suggested by Council Chair Needell at the September 11<sup>th</sup> Council meeting. She said she would  
28 also be speaking with the UNH External Affairs Council regarding the same topic.

29  
30 Joseph Skehan introduced himself to the Council. He said he is the UNH Student Body  
31 President, is a Junior at UNH, and majors in Analytical Economics and Philosophy. He said the  
32 Student Senate goals this year are to increase engagement at UNH and safety overall in Durham.

33  
34 Other items being discussed are e-mobility device safety, possibility of raising crosswalks,  
35 improved lighting, and installing devices for crosswalks at night that can be pushed and will  
36 flash.

37  
38 **VIII. Unanimous Consent Agenda** (*Requires unanimous approval. Individual items may be*  
39 *removed by any councilor for separate discussion and vote)*

31 **IX. Committee Appointments - None**

32  
33 **X. Presentation Items**

- 34 A. Receive report on Conservation Commission activities and projects – Jacob (Jake) Kritzer, Chair  
35

36 Conservation Commission Chair Jake Kritzer provided a PowerPoint presentation which listed  
37 the Commission’s accomplishments to date based on the following Town Council goals adopted  
38 for 2023-24:  
39

- 40 • Pursue long-term environmental sustainability and resiliency
- 41 • Pursue long-term environmental sustainability and resiliency
- 42 • Leverage town committees and subcommittees to develop tactical plans
- 43 • Facilitate continued optimal functioning of Town government
- 44 • Continue cooperative and collaborative efforts with UNH
- 45 • Protect public health and provide ongoing service continuity
- 46 • Pursue long-term economic strength and resiliency
- 47 • Pursue long-term social resiliency and quality of life  
48

2 questions, may be viewed on DCAT on Demand at [www.ci.durham.nh.us](http://www.ci.durham.nh.us).

3  
4 B. Presentation on the opening of the Oyster River Cooperative School District 2023/24 school  
5 year – Dr. James Morse, Superintendent

6  
7 Dr. Morse informed the Council that the Oyster River School Board is actively seeking his  
8 replacement. He said he has held a couple of public forums already and will hold more to obtain  
9 information from the community as to what it may be looking for in the next Superintendent.  
10 The School Board will formally announce his departure at its December 20, 2023, meeting.

11  
12 Regarding open enrollment, Dr. Morse said the District still maintains around 2,100 students. It  
13 is expected that over the next five years, enrollment will decline somewhat before cycling back  
14 up again.

15  
16 He said that last week, the District was “dinged” in the press by [Niche.com](http://Niche.com) which is an  
17 organization that rates schools based on community feedback. If a school gets a lot of feedback,  
18 it gets a high score. Oyster River did not receive a lot of feedback and therefore received a low  
19 score.

20  
21 Dr. Morse shared with the Council an article from Southwest Journal in Minnesota that graded  
22 Oyster River as the top school in New Hampshire and rated it as one of the ten top schools in the  
23 country. So, when one sees information from printed sources such as the two noted above, Dr.  
24 Morse said he doesn’t know where they pull their information from because the data for Oyster  
25 River has not changed in a year.

26  
27 Oyster River:

- 28  
29
- Is still graduating almost 100% of its students.
  - Is graduating 100% of its special needs students.
  - Has approximately a 70% participation rate in its clubs and organizations.
  - Has an outstanding robotics program.
  - Is one of the top performing school districts in the State of New Hampshire.
- 34

35 Dr. Morse introduced new ORCSD staff member, Amy Ransom, Business Administrator. He  
36 also introduced his new Assistant Superintendent, Suzanne Filippone; a Durham resident, who  
37 attended the ORCSD when a young girl, then returned to become the ORHS Principal, and now  
38 Assistant Superintendent.

39  
40 Dr. Morse’s complete presentation, along with comments, discussion, and responses to Council  
41 questions, may be viewed on DCAT on Demand at [www.ci.durham.nh.us](http://www.ci.durham.nh.us).

42  
43 C. Presentation on current Strafford Regional Planning Commission projects by Executive  
44 Director, Jen Czysz. Specific projects include the status of the updated Multi-Hazard Mitigation  
45 Plan, the issue of housing within the region and steps SRPC is taking relative to this issue, and  
46 the CEDS plan completion.

47

1 Ms. Czysz briefly outlined the responsibilities of the Strafford Regional Planning Commission  
2 (SRPC) as follows:

- 3
- 4 • It is a Planning Commission established under state statutes and provides land use services,  
5 technical assistance, and environmental planning services to municipalities in the region.  
6
- 7 • It is a federally designated Metropolitan Planning Organization (MPO) that coordinates its  
8 federal transportation planning for the region and acts as a conduit between the  
9 municipalities and the State of New Hampshire to ensure that federal resources are allocated  
10 in the interest of the municipalities within the region.  
11
- 12 • It serves as an economic development district as designated by the Economic Development  
13 Administration.  
14

15 Ms. Czysz provided a highlight of what the SRPC and its Commissioners do under the three  
16 programmatic areas noted above. She said for each is a core policy that sets the plan and  
17 direction for the planning commission, which includes: Housing needs assessment,  
18 Comprehensive regional plan and five-year comprehensive development strategy, and Long-  
19 range transportation plan. Ms. Czysz explained how the commission’s data services team  
20 supports all these programs and some of the work that the data team has performed.  
21

22 Ms. Czysz briefly explained what the SRPC does with the dues money it receives from  
23 municipalities.  
24

25 Ms. Czysz provided updates on other topics including an update on the status of Durham’s  
26 Multi-Hazard Mitigation Plan, as well as housing needs assessment in which an extensive  
27 discussion with Councilors occurred.  
28

29 The complete presentation, along with comments, discussion, and responses to Council  
30 questions, may be viewed on DCAT on Demand at [www.ci.durham.nh.us](http://www.ci.durham.nh.us).

40 C. Receive report on Housing Task Force activities – Paul Rasmussen  
41

42 Mr. Rasmussen provided a brief summary of the Housing Task Force activities for the Council  
43 as follows:  
44

- 45 • Received a grant from the State of New Hampshire to conduct a housing needs assessment  
46 survey, which will show what the Town’s current position is regarding housing and what  
47 types of housing it has.

- At its July meeting, the Housing Task Force met with Robin LeBlanc, consultant with RHL Strategies, about ideas for community outreach and laid out a framework of what should be done when conducting the survey and in what order.
- At its August meeting, the Housing Task Force met with Marty Chapman, Executive Director of The Housing Partnership, a non-profit that focuses on creating workforce housing in the seacoast and other areas in New England. They have done renovations of old properties as well as building new properties and using the grants and funds from various government levels to make that happen.

#### **XIV. New Business**

Request of the Housing Task Force, to extend the Task Force for two years to October 2, 2025, and to modify the Task Force charge

*Chair Needell MOVED that the Durham Town Council does hereby extend the duration of the Housing Task Force by two (2) years to October 2, 2025, to provide additional time to complete its work. The motion was SECONDED by Chair Pro Tem Lawson.*

Councilor Friedrichs said ze noticed that originally members of the task force were supposed to serve continuously for up to three years. Ze asked if, as an administrative matter, the Council should make reappointments since this will surpass three years, which Council members agreed with.

*The motion PASSED unanimously, 8-0 by a roll call vote: Councilor Friedman—Aye, Councilor Friedrichs—Aye, Councilor Lund—Aye, Chair Needell—Aye, Chair Pro Tem Lawson—Aye, Councilor Welsh—Aye, Councilor Hotchkiss—Aye, Councilor Burton—Aye.*

*Chair Needell MOVED that the Durham Town Council does hereby adopt the charge for the Housing Task Force as presented and amended until October 2, 2025, or the Town Council chooses to extend the existing charge unchanged to October 2, 2025. The motion was SECONDED by Councilor Hotchkiss.*

Chair Pro Tem Lawson said he would have preferred that the mission statement the task force submitted reflected the regional nature of housing needs and workforce housing. He felt the statement was too focused on Durham.

The updated Mission Statement proposed by the Housing Task Force reads:

*“The mission of the Durham Housing Task Force is to identify, analyze, and advocate for a balanced and diverse supply of housing that meets the economic, social, and physical needs of the Durham community and its residents in order to maintain a vibrant community.”*

Chair Pro Tem Lawson offered the following as a suggested update to the mission statement for the Task Force:

1           *“The mission of the Durham Housing Task Force is to analyze the regional and local (Durham)*  
2           *housing inventory and future housing needs and to advocate for housing mix in Durham that*  
3           *contributes to the economic, social, and physical needs of seacoast residents with varied*  
4           *financial resources.”*

5  
6           Councilor Welsh disagreed with Chair Pro Tem Lawson saying he did not want to assign the  
7           Durham Task Force to look at the Seacoast’s needs regarding housing. He suggested adding the  
8           word “environmental” after the words “meets the economic” because he said lots of times new  
9           housing and growth have a cost to the environment and he did not want this to be interpreted as  
10          trampling over the safeguards that have been put into place in the Town’s zoning due to the  
11          desire for new housing.

12  
13          Extensive discussion occurred around the issue of amending the statement with the suggestion  
14          that Councilors Lawson, Welsh, Friedrichs, and Hotchkiss, submit it to the Housing Task Force  
15          for consideration, and then return to the Council with a modified statement for consideration and  
16          approval.

17  
18          ***Chair Needell WITHDREW the original MOTION to adopt the charge for the Housing Task***  
19          ***Force as presented and amended until October 2, 2025, or the Town Council chooses to***  
20          ***extend the existing charge unchanged to October 2, 2025.***

21  
22          ***Councilor Hotchkiss WITHDREW his SECOND to Chair Needell’s motion.***

23  
24          Councilors agreed that once the Council group drafts its amended wording to the mission  
25          statement, it will be submitted to Administrator Selig for his review and comments.

40  
41          **XIII. Councilor and Town Administrator Roundtable**

42  
43          Councilor Friedman – Parks & Recreation Committee

- 44          - The committee has sent out an email called “Rec Connect” which has a list of programs where  
45          interested individuals can sign up on the Parks & Recreation website.

46  
47          Councilor Friedman - Seacoast Economic Developers Stakeholders

- 1 - The group’s money ran out in June 2023 but it has obtained other funding, so meetings have  
2 started back up again.  
3

4 Councilor Friedman said he would like to reach out to the people that were quoted in the recent  
5 NH Business Review article about the Abenaki credentials of who advised Durham to adopt the  
6 land statement that was read at the beginning of the meeting. He said there seems to be some  
7 controversy as to whether what was said in the press by the people acting for the Abenaki  
8 nation were actually hurting instead of helping their cause. He would like to reach out to one of  
9 the leaders of that nation to confirm whether they would approve of the statement.

10  
11 It was suggested that Councilor Friedman could do more research on his own relative to this  
12 matter.  
13

14 Councilor Friedrichs – Durham Energy Committee

- 15 - Will meet tomorrow evening, October 9<sup>th</sup>. The meeting will focus on the committee’s goals,  
16 which will be closely aligned with the goals of the Global Covenant of Mayors to reduce the  
17 Town’s greenhouse gas emissions, and how to achieve those goals.  
18 - The Town received a grant to electrify its garbage trucks. Councilor Friedrichs worked with the  
19 Energy Committee to identify the grant. The application was then brought to the Public Works  
20 Director and DPW employee John Baker to be completed and submitted.  
21 - Still waiting to hear results from the “Buildings Up” prize.  
22

23 Councilor Friedrichs – Planning Board

- 24 - The board got through the alphabet in its first round of review of definitions within the Zoning  
25 Board, pending a few items to be added.  
26 - Received its first application for a Wetlands Conservation Overlay District using the new rules  
27 that were just passed that changed the Zoning Ordinance with updated criteria.  
28

29 Councilor Hotchkiss added to Councilor Friedrichs’ last update item that the application was  
30 submitted by Unitil to update a gas line at 121 Technology Drive, which required a Conditional  
31 Use Permit.  
32

33 He also said that another item on the agenda was a request from the developers for the Gerrish  
34 Drive property proposal to extend the timeline for them to get underway with that project. He  
35 said given that this issue is tied up in court, it seemed like a reasonable request.  
36

37 Councilor Lund – Historic District/Heritage Commission

- 38 - Met on September 14<sup>th</sup>.  
39 - Approved a request to level fund the commission’s budget.  
40 - Received a presentation from Joan Osborne on the Commemoration of the 250<sup>th</sup> Anniversary of  
41 the raid on Fort William and Mary, which will be next year. Ms. Osborne has requested \$2,500  
42 from the Town of Durham. In addition, she plans to raise at least \$4,000 from private sources.  
43 - Held discussion about historic markers. The commission recommends hiring a facilitator  
44 regarding the Oyster River raid marker language, of which there is an impasse. There was also  
45 mention that the recently replaced General Sullivan was missing one sentence that had been  
46 present in the previous text.  
47 - Due to lack of business, the commission for October has been cancelled. The next meeting will  
48 be held on November 2<sup>nd</sup>.

1            Chair Needell said she did not have any updates. However, she did request that if Council  
2 members could plan to arrive at Council meetings a little before 7PM so that they are ready to  
3 begin promptly at 7PM, that would be very helpful for her.

4  
5            Chair Pro Tem Lawson noted that the two clocks in the Council are both 2.5 minutes fast, so  
6 DCAT should reset them.

7  
8            Chair Pro Tem Lawson- Land Stewardship Subcommittee

- 9            - Met on September 13<sup>th</sup>.  
10           - Subcommittee member Gale Carey provided an update on the surveys taken for Jackson’s  
11           Landing and Thompson Forest.  
12           - Talked about Durham Land Stewardship Coordinator Sara Callaghan’s work coordinating trail  
13           stewards.

14  
15           Some of the feedback received from the survey results was that some of the trails were not well  
16           marked, particularly at the Oyster River Forest. There is a project this summer to better mark  
17           trails with disks that are placed on trees and not with paint. The disks were removed by  
18           someone, so Sara and the subcommittee placed an item in the Friday Updates focused on  
19           educating people with respect to markers.

20  
21           Councilor Welsh – Integrated Waste Management Advisory Committee

- 22           - Met on September 27<sup>th</sup>.  
23           - Discussed the new curbside trash program. Trying to make it so it spurs more recycling and  
24           improves sustainability in Durham.  
25           - October is sustainability month in Durham. The committee has put up banners and placed  
26           information in the Town Hall foyer. Events have been planned to include “Kiss the Ground”  
27           movie, Wed., 10-4; Discussion on composting, Wed., 10-25; Discussion on health impacts of  
28           climate change, Wed., 11-15, and a movie and discussion on microplastics, Wed., 11-28. All  
29           events will be held at the Durham Public Library and will begin at 6:30 PM.

30  
31           Councilor Hotchkiss – Housing Task Force

- 32           - Councilor Hotchkiss said he had nothing further to report.

33  
34           Councilor Burton – Strafford Regional Planning & MPO Policy Committee

- 35           - Councilor Burton said he was a little concerned after attending the Governor’s Advisory  
36           Commission on Intermodal Transportation (GACIT) meeting because the State of New  
37           Hampshire DOT has a 2025-2034 Ten-Year Plan, and he never received a clear answer as to  
38           how that coordinates with the Ten-Year Plan being done for the region. He said there are  
39           projects being placed in the SRPC Ten-Year Plan, but he was not certain if they are also  
40           included in the state’s plan.

41  
42           Gail Jablonski – Acting Town Administrator

43           Ms. Jablonski said she had nothing to report.

44
